1982 Annual Town Report

THE NINETY-EIGHTH ANNUAL REPORT
OF THE
OFFICERS
OF THE
TOWN OF MILLIS

for the
YEAR ENDING DECEMBER 31,
1982

DEDICATION

Police Chief George J. Smith, Jr.

June 10, 1937 - January 9, 1983

Nothing has saddened this community so much as the untimely death of Police Chief George Smith. Millis has had more than its share of tragedy, and those who have departed, leave us with a terrible sense of loss and grief that we share with their families.

Time, in its own way, will help to heal our wounds, because we have been left with a heritage of achievements that will be long remembered.

SPECIAL TOWN MEETING MILLIS, MASSACHUSETTS MONDAY, JANUARY 4, 1982

A Special Town Meeting of the Town of Millis, Massachusetts was held on Monday, January 4, 1982, in the Junior-Senior High School auditorium.

The Town Warrant calling this business meeting was signed by Selectmen Collins C. O'Connor, Hindy Rosenfeld, and Leonard J. Bateman, Jr., and was posted on December 22, 1981 by Michael Mushnick, Constable, in accordance with the by-laws of the Town of Millis.

Voting List Inspectors: Mary M. Germano Lorraine Consoletti
Madelene Thumith Ingrid Elofson

Tellers appointed and sworn in by the Moderators:

Stephen P. Barnard Robert S. Cassidy
J. Stephen Campbell William F. Whelan

At 7:45 p.m. the Tellers were asked to take a count of the voters and the count showed 208 voters in the hall. A quorum being present, the Moderator called the meeting to order at 7:47 p.m.

VOTED that the reading of the Warrant and return of services thereof be omitted.

MOTION made by Mr. William Koney, Finance Committee Chariman, that the Moderator be granted unanimous consent to omit the reading of the articles and to refer to them by number and subject matter.

The Vote not being Unanimous the Motion was not Carried.

ARTICLE 1, To see if the Town will vote to rescind the \$486,874 transfer of available funds to reduce the tax rate and to appropriate and transfer from available funds in the treasury, a sum of money to be added to line item 147 "Veterans' Benefits" voted at the 1981 Annual Town Meeting, or act in any manner relating thereto.

UNANIMOUSLY VOTED that the Town rescind the \$486,874 transfer of available funds to reduce the tax rate, and that the Town appropriate and transfer from available funds in the treasury the sum of \$25,000 to be added to line item 147 "Veterans' Benefits" voted at the 1981 Annual Town Meeting.

Voted to adjourn sine die at 7:53 p.m., the business of the meeting being completed.

Attest:

Town Clerk

RECESSED SPECIAL TOWN MEETING MILLIS, MASSACHUSETTS MONDAY, JANUARY 4, 1982

The Recessed Special Town Meeting of the Town of Millis, Massachusetts was held on Monday, January 4, 1982 in the Junior-Senior High School auditorium.

The Town Warrant calling the recessed meeting was posted on December 18, 1981 by John Kubacki, Constable, in accordance with the by-laws of the Town of Millis.

Voting List Inspectors: Mary M. Germano Lorraine Consoletti
Madelene Thumith Ingrid Elofson

Tellers appointed and sworn in by the Moderators:

Stephen P. Barnard Robert S. Cassidy
J. Stephen Campbell William F. Whelan

ARTICLE 3. To see if the Town will vote to rescind the \$486,874 transfer of available funds to reduce the tax rate and to appropriate and transfer from available funds in the treasury, a sum of money to be added to the Stabilization Fund in accordance with the provisions of Section 5B, Chapter 40 of the General Laws, or act in any manner relating thereto.

VOTED that the Town appropriate and transfer from available funds in the treasury the sum of \$275,000 to be added to the Stabilization Fund in accordance with the provisions of Section 5B, Chapter 40 of the General Laws.

ARTICLE 4. To see if the Town will vote to transfer a sum of money from available funds to reduce the tax rate, or act in any manner relating thereto.

VOTED that the Town appropriate and transfer from available funds the sum of \$186,874 to reduce the tax rate.

Announcement was made by the Chairman of the Finance Committee that due to a technicality in the legal advertisement of the public hearing for the zoning amendments, Articles 5 through 11 have been withdrawn.

VOTED to adjourn sine die at 8:27 p.m., the business of the meeting being completed.

Attest:

Town Clerk

ANNUAL TOWN MEETING MILLIS, MASSACHUSETTS MONDAY, MAY 10, 1982

The Annual Business Meeting of the Town of Millis, Massachusetts was held Monday evening, May 10, 1982, in the Junior-Senior High School auditorium and was called to order by the Moderator, John G. Dugan, at 7:45 p.m.

The Town Warrant calling this business meeting was signed by Selectmen Collins C. O'Connor and Hindy Rosenfeld and was posted on April 30, 1982 by John Kubacki, Constable.

Voting List Inspectors: Mary M. Germano Ingrid Elofson
Madelene Thumith Rose Robinson

Tellers appointed and sworn in by the Moderator:

Stephen Barnard John Ciccone
Ronald Makara Marla Najarian
David Noon

The invocation was given by Rev. James C. Sleeper, United Church of Christ.

Leonard J. Bateman, Jr., Chariman of the Board of Selectmen, read the following Resolution:

WHEREAS, the members of the Drug and Alcohol Abuse Committee are working toward an awareness program for the citizens of the Town of Millis,

WHEREAS, the members of the Drug and Alcohol Abuse Committee are seeking to properly educate young people in the serious problems created by drug and alcohol use and abuse,

WHEREAS, the members of the Drug and Alcohol Abuse Committee are endeavoring to relate to those who seek and want help concerning drug and alcohol problems,

NOW, THEREFORE, BE IT RESOLVED that we the Selectmen of Millis, through a deep sense of pride at having distinguished, concerned citizens, do hereby proclaim recognition of the Millis Drug and Alcohol Abuse Committee on this day and urge all our residents to recognize it in spirit and deed.

Hindy Rosenfeld, Vice Chairman of the Board of Selectmen, read the following Proclamation:

WHEREAS, George D. Cassidy, Jr. has been a lifelong resident of the Town of Millis,

WHEREAS, George D. Cassidy, Jr. has unselfishly given of his time as Water Registrar, Sewer Registrar, Industrial Development Financing Authority Member, Charter Commission Member and served on many other committees and in many other capacities in Millis,

WHEREAS, George D. Cassidy, Jr. has distinguished himself by serving as Millis' Town Accountant for fifteen years with untiring effort in behalf of the Town,

WHEREAS, George D. Cassidy, Jr. has the respect and admiration of all for a job extremely well done.

NOW THEREFORE, BE IT RESOLVED that we the Selectmen of the Town of Millis, proclaim our appreciation for service above and beyond the call of duty and wish George D. Cassidy, Jr. a well-deserved respite from his duties as Town Accountant. We urge all of our citizens to join with us in thanking George D. Cassidy, Jr. for serving the Town of Millis so well.

MOTION made by William Koney, Finance Committee Chairman, that the reading of the Warrant and return of the service thereof be omitted.

VOTED that the reading of the Warrant and return of the service thereof be omitted.

MOTION made by William Koney that the Moderator be granted unanimous consent to omit the reading of the articles and to refer to them by number and subject matter.

VOTED that the Moderator be granted unanimous consent to omit the reading of the articles and to refer to them by number and subject matter.

ARTICLE 1 and ARTICLE 2 were acted on at the Annual Town Election.

ARTICLE 3. To see if the Town will vote to adopt amendments to Schedule "A" Classification Plan, Schedule "B" Salary Plan, Schedule "C" Employee Benefits, as outlined in the Personnel Committee Report, or act in any manner relating thereto.

MOTION made by William Koney that the Town do vote to adopt amendments to Schedule "A", Classification Plan, Schedule "B" Salary Plan and Schedule "C" Employee Benefits, as outlined in the Personnel Committee Report.

REPORT OF THE PERSONNEL COMMITTEE
APRIL 1, 1982

SCHEDULE A - CLASSIFICATION PLAN
SCHEDULE B - SALARY PLAN

Fiscal Year 1982-1983

Grade	Classification	Minimum	Maximum	Step

VOTED to Adopt Article 3, as Amended.

MOTION made by William Koney that Article 13 be taken up at this time.

VOTED that Article 13 be taken up at this time.

ARTICLE 13. To see if the Town will vote to appropriate and raise a sum of money for the purchase of a new ambulance and authorize the Board of Selectmen to dispose of the old ambulance by trading against the purchase price of the new ambulance, by outright sale, by auction or otherwise, and use the proceeds against the purchase of the new vehicle, and determine whether said sum of money shall be provided for by taxation, by appropriation from available funds in the treasury, by transfer from the stabilization fund, or by borrowing under the provisions of Chapter 44 of the General Laws, or act in any manner relating thereto.

UNANIMOUSLY VOTED that the Town appropriate and raise by transfer from the stabilization fund the sum of \$37,615 for the purchase of a new ambulance and authorize the Board of Selectmen to dispose of the old ambulance by trading against the purchase price of the new ambulance, by outright sale, by auction or otherwise, and to use the proceeds against the purchase price of the new ambulance.

ARTICLE 4. To see if the Town will vote to fix the compensation of elected officers, provide for a reserve fund and determine what sums of money the Town will raise and appropriate, including appropriations from available funds, to defray charges and expenses of the Town, including debt and interest, for the fiscal year ending June 30, 1982, or act in any manner relating thereto.

MOTION made by William Koney that the Town do vote to set the salaries of elected officials as follows:

Department of Public Works Commissioners	150.00 per member
Board of Health	150.00 for the Chairman
	125.00 for each of the other two members
Planning Board	100.00 per member
Selectmen	200.00 per member
Assessors	200.00 per member
Tax Collector	4,000.00
Treasurer	4,000.00
Town Clerk	1,600.00

By VOICE VOTE the Motion was Carried.

VOTED to adopt Article 4, as Amended.

ARTICLE 5. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning July 1, 1982, in accordance with the provisions of the General Laws, Chapter 44, Section 4, and to issue a note or note therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17, or act in any manner relating thereto.

VOTED that the Town authorize the Town Treasurer, with the approval of the Selectmen to borrow money from time to time in anticipation of the revenue of the financial year beginning July 1, 1982, in accordance with the provisions of the General Laws, Chapter 44, Section 3, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

ARTICLE 6. To see if the Town will vote to appropriate and raise by taxation or by transfer from available funds in the treasury, a sum of money to add to the special Section 5D of the General Laws, for funding of the Town's share of contributory retirement system, or act in any manner relating thereto.

VOTED that the Town appropriate and raise by taxation the sum of \$50,000 to add to the special fund for retirement purposes in accordance with the provisions of Chapter 40, Section 5D of the General Laws, for funding of the Town's share of the contributory retirement system.

ARTICLE 7. To see what disposition the Town will make of the money re-funded by the County on account of dog licenses, or act in any manner relating thereto.

VOTED that the Town appropriate and raise by transfer from available funds in the treasury the sum of \$954.09 to Library expenses.

ARTICLE 8. To see if the Town will vote to appropriate and raise by taxation or transfer from available funds in the treasury, a sum of money for partial reimbursement to the City of Chelsea for payments made to Earl G. Boyd

pursuant to the provisions of Section 59A of Chapter 32 of the General Laws, or act in any manner relating thereto.

VOTED that the Town appropriate and raise by taxation the sum of \$404.99 for partial reimbursement to the City of Chelsea for payments made to Earl G. Boyd pursuant to the provisions of Section 59A of Chapter 32 of the General Laws.

ARTICLE 9. To see if the Town will in accordance with the provisions of Chapter 41, Section 4A of the General Laws of Massachusetts, vote to authorize the Board of Health to appoint any of its own members to any other Town office or position for the term provided by law, and fix the salaries of such offices or positions, or act in any manner relating thereto.

VOTED that the Town in accordance with the provisions of Chapter 41, Section 4A of the General Laws of Massachusetts, authorize the Board of Health to appoint any of its own members to any other Town office or position for the term provided by law, and to fix the salary of such position at \$5.50 per hour, funds to be obtained from the department budget.

ARTICLE 10. To see if the Town will vote to appropriate and raise a sum of money to establish a summer recreation program for physically and mentally handicapped children, or act in any manner relating thereto.

VOTED that the Town appropriate and raise by taxation the sum of \$2,000 to establish a summer recreation program for physically and mentally handicapped children.

ARTICLE 11. To see if the Town will vote to appropriate and raise by taxation, by transfer from available funds in the treasury, or by transfer from the stabilization fund, a sum of money for the purchase of one new police cruiser and authorize the Board of Selectmen to dispose of one old car by trading against the purchase price of the new car, by outright sale, by auction or otherwise, and use the proceeds against the purchase price of the new vehicle, or act in any manner relating thereto.

UNANIMOUSLY VOTED that the Town appropriate and raise by transfer from the stabilization fund the sum of \$9,171.00 for the purchase of one new police cruiser and authorize the Board of Selectmen to dispose of one old car by trading against the purchase price of the new car, by outright sale, by auction or otherwise, and to use the proceeds against the purchase price of the new vehicle.

ARTICLE 12. To see if the Town will vote to appropriate and raise a sum of money for the purchase of an engine, transmission and hydraulic system to repower the fire department ladder truck and to determine whether the money shall be provided for by taxation, by transfer from available funds in the treasury, by transfer from the stabilization fund, or by borrowing under the provisions of Chapter 44 of the General Laws, or act in any manner relating thereto.

UNANIMOUSLY VOTED that the Town appropriate and transfer from the stabilization fund the sum of \$25,000 for the purchase of an engine, transmission and hydraulic system to repower the fire department ladder truck.

ARTICLE 14. To see if the Town will vote to appropriate and raise a sum of money for the repair, renovation or replacement of the roof of the Millis Town Hall and determine whether the money shall be provided for by taxation, by transfer from available funds in the treasury, by transfer from the stabilization fund, or by borrowing under the provisions of Chapter 44 of the General Laws, or act in any manner relating thereto.

UNANIMOUSLY VOTED that the Town appropriate and raise by transfer from the stabilization fund the sum of \$8,000.00 for the repair, renovation or replacement of the roof of the Millis Town Hall.

ARTICLE 15. To see if the Town will vote to appropriate and raise a sum of money for the repair, renovation or replacement of the roof of the Millis Public Library and determine whether the money shall be provided for by taxation, by transfer from available funds in the treasury, by transfer from the stabilization fund, or by borrowing under the provisions of Chapter 44 of the General Laws, or act in any manner relating thereto.

UNANIMOUSLY VOTED that the Town appropriate and raise by transfer from the stabilization fund the sum of \$7,000 for the repair, renovation or replacement of the roof of the Millis Public Library.

ARTICLE 16. To see if the Town will vote to appropriate and raise a sum of money to be used for Town unemployment compensation and to determine whether said funds shall be provided for by taxation or by transfer from available funds in the treasury, or act in any manner relating thereto.

MOTION made by John Menne, Finance Committee member, that the Town do vote to appropriate and raise by taxation the sum of \$35,000 to be used for Town unemployment compensation.

AMENDED MOTION made by George D. Cassidy Jr., that the amount read \$40,000

By VOICE VOTE the Amended Motion was Carried.

VOTED that the Town appropriate and raise by taxation the sum of \$40,000 to be used for Town unemployment compensation.

ARTICLE 17. To see if the Town will vote to accept Amendment No. 3 to the Agreement establishing the Tri-County Regional Vocational Technical School District ("Tri-County") as adopted by vote of the Tri-County School Committee on June 11, 1980, which proposed amendment provides in substance that in recognition of the adoption by the Town of Franklin of a home-rule charter, which eliminated the town meeting and the Board of Selectmen, members of the Tri-County School Committee from Franklin shall be appointed by the Chairman of the Town Council, Chairman of the School Committee and Town Administrator, acting jointly, and, further, that for the purposes of the District Agreement the Town Council of Franklin shall have the power to take actions required to be taken by town meetings of the member towns and notices required to be sent to the Boards of Selectmen of the member towns shall be sent to the Town Administrator of Franklin, copies of the text of Amendment No. 3 are on file in the office of the Town Clerk where it may be examined during normal business hours.

VOTED that the Town accept Amendment No. 3 to the agreement establishing

the Tri-County Regional Technical Vocational School District as detailed in Article 17 of the 1982 Annual Town Meeting.

ARTICLE 18. To see if the Town will vote to amend its By-laws by adding to Article XI the following new section: "Section 7 - Any owner or keeper of a dog who shall fail to purchase a dog license within thirty days of the due date shall be fined an additional \$3. per license.", or act in any manner relating thereto.

MOTION made by Roy Mitchell, Finance Committee member, that the Town do vote to amend its By-laws by adding to Article XI the following new section:

"Section 7 - Any owner or keeper of a dog who shall fail to purchase a dog license within thirty days of the due date shall be fined an additional \$3. per license."

AMENDED MOTION made by Ronald Makara to add "For each additional thirty days, of the due date, the Owner shall be fined an additional \$3. for each thirty-day period."

By VOICE VOTE the Amended Motion was Carried.

VOTED that the Town amend its By-laws by adding to Article XI the following new section: "Section 7 - Any owner or keeper of a dog who shall fail to purchase a dog license within thirty days of the due date shall be fined an additional \$3. per license and for each additional thirty days, or the due date, the owner shall be fined an additional \$3. for each thirty-day period."

ARTICLE 19. To see if the Town will vote to amend its By-laws by adding to Article XI, Section 2, the following paragraph: "Any owner or keeper of a dog in violation of this section shall be fined as follows: first offense, \$3.; second offense, \$5.; third offense \$10." or act in any manner relating thereto.

MOTION made by Roy Mitchell that the Town do vote to amend its By-laws by adding to Article XI, Section, the following paragraph: "Any owner or keeper of a dog in violation of this section shall be fined as follows: first offense \$3.; second offense, \$5.; third offense, \$10."

AMENDED MOTION made by George D. Cassidy Jr., to add "and all succeeding offenses \$10. Said funds collected shall be refunded to the Town."

By VOICE VOTE the Amended Motion was Carried.

VOTED that the Town amend its By-laws by adding to Article XI, Section 2, the following paragraph: "Any owner or keeper of a dog in violation of this section shall be fined as follows: first offense, \$3.; second offense, \$5.; third offense \$10.; and all subsequent offenses \$10. Said funds collected shall be refunded to the Town."

ARTICLE 20. To see if the Town will vote to appropriate and raise by taxation or transfer from available funds in the treasury, a sum of money to provide for the continuation of the hot meals program for the senior citizens of Millis, or act in any manner relating thereto.

VOTED that the Town appropriate and raise by taxation the sum of \$3,000.

to provide for the continuation of the hot meals program for the senior citizens of Millis.

ARTICLE 21. To see if the Town will vote to authorize the Board of Selectmen to enter into contracts with the Massachusetts Department of Public Works and the Norfolk County Commissioners and to expend funds made available during the year for the construction and maintenance of public highways for the 82-83 fiscal year, or act in any manner thereto.

VOTED that the Town authorize the Board of Selectmen to enter into contracts with the Massachusetts Department of Public Works and the Norfolk County Commissioners and to expend funds made available during the year for the construction and maintenance of public highways for the 82-83 fiscal year.

ARTICLE 22. To see if the Town will vote to appropriate and raise or to transfer from available funds in the treasury, the sum of \$46,418 received from the Commonwealth of Massachusetts under Chapter 356 of the Acts of 1977 for the design, construction and/or improvement to Town roads as determined by the Board of Public Works, or act in any manner relating thereto.

VOTED that the Town appropriate and raise by transfer from available funds in the treasury the sum of \$46,418. received from the Commonwealth of Massachusetts under Chapter 356 of the Acts of 1977 for the design, construction and/or improvements to Town roads as determined by the Board of Public Works.

ARTICLE 23. To see if the Town will vote to appropriate and raise or to transfer from available funds in the treasury, the sum of \$1,907. received from the Commonwealth of Massachusetts under additional highway funds for the design, construction and/or improvements of Town roads, as determined by the Board of Public Works, or act in any manner relating thereto.

VOTED that the Town appropriate and raise by transfer from available funds in the treasury, upon receipt from the Commonwealth of Massachusetts, the sum of \$1,907. to be received under additional highway funds for the design, construction and/or improvements of town roads, as determined by the Board of Public Works.

ARTICLE 24. To see if the Town will vote to appropriate and raise or to transfer from available funds in the treasury the sum of \$16,263. received from the Commonwealth of Massachusetts under additional highway funds for the design, construction and/or improvements of Town roads, under Chapter 732, Acts of 1981, as determined by the Board of Public Works, or act in any manner relating thereto.

VOTED that the Town appropriate and transfer from available funds in the treasury, upon receipt from the Commonwealth of Massachusetts, the sum of \$16,263. under additional highway funds for the design, construction and/or improvements of Town roads under Chapter 732, Acts of 1981, as determined by the Board of Public Works.

ARTICLE 25. To see if the Town will vote to appropriate and raise or to transfer from available funds in the treasury, the sum of \$29,511. received from the Commonwealth of Massachusetts under Chapter 58 of the General Laws for the design, construction and/or improvements of Town roads as determined by the Board of Public Works, or act in any manner relating thereto.

VOTED that the Town appropriate and transfer from available funds in the treasury, upon receipt from the Commonwealth of Massachusetts, the sum of \$29,511. under Chapter 58 of the General Laws for the design, construction and/or improvements of Town roads as determined by the Board of Public Works.

ARTICLE 26. To see if the Town will vote to appropriate and raise a sum of money to be used by the Board of Public Works to provide engineering inspections and impervious earth cover in connection with the sanitary landfill located on the northerly side of Island Road, as required by the Massachusetts Department of Environmental Quality Engineering and to determine whether the money shall be provided for by taxation, by transfer from available funds in the treasury, by transfer from the stabilization fund, or by borrowing under the provisions of the General Laws, or act in any manner relating thereto.

MOTION made by Arthur Hillier, Finance Committee member, that the Town do vote to appropriate and raise by transfer from the stabilization fund the sum of \$15,000. to be used by the Board of Public Works to provide engineering inspections and impervious earth cover in connection with the sanitary landfill located on the northerly side of Island Road, as required by the Massachusetts Department of Environmental Quality Engineering.

AMENDED MOTION made by George D. Cassidy, Jr., that \$4,000. be used by the Board of Public Works to provide engineering inspections and \$11,000. be used for impervious earth cover in connection with the sanitary landfill.

By VOICE VOTE the Amended Motion was Carried.

It was UNANIMOUSLY VOTED that the Town appropriate and raise by transfer from the stabilization fund the sum of \$15,000. to be used by the Board of Public Works; \$4,000. to be used to provide engineering inspections and \$11,000 to be used for impervious earth cover in connection with the sanitary landfill located on the northerly side of Island Road, as required by the Massachusetts Department of Environmental Quality Engineering.

ARTICLE 27. To see if the Town will vote to appropriate and raise a sum of money and to authorize the Board of Public Works to construct rehabilitative improvements to the Town's water system, or otherwise act thereon, to be used in conjunction with all available State and Federal funds and to determine whether the money is to be provided for by taxation, by transfer from available funds in the treasury, by transfer from the stabilization fund, or by borrowing through community facility loans from the U.S. Department of Agriculture Farmers Home Administration, or by accepting a grant from the U.S. Department of Agriculture Farmers Home Administration, or act in any manner relating thereto.

MOTION made by Everett D. Adams, Finance Committee member, that Article 27 be Dismissed.

By VOICE VOTE the Motion for Dismissal was Not Carried.

MOTION made by Robert Hagearty, Board of Public Works, that action on Article 27 be postponed until after consideration of Article 35.

VOTED that action on Article 27 be postponed until after consideration of Article 35.

ARTICLE 28. To see if the Town will vote to appropriate and raise a sum of money to be used by the Board of Public Works for the construction of additional burial areas within the limits of Prospect Hill Cemetery and to determine whether the money shall be provided for by taxation, by transfer from available funds in the treasury, by transfer from the stabilization fund, or act in any manner relating thereto.

UNANIMOUSLY VOTED that the Town appropriate and raise by transfer from the stabilization fund the sum of \$10,000. to be used by the Board of Public Works for the construction of additional burial areas within the limits of Prospect Hill Cemetery.

ARTICLE 29. To see if the Town will vote to appropriate and raise a sum of money to be used by the Board of Public Works for the purchase of a new backhoe attachment with appurtenances for the John Deere 401C tractor and to determine whether the money shall be provided for by taxation, by transfer from available funds in the treasury, by transfer from the stabilization fund, or by borrowing under the provisions of Chapter 44 of the General Laws, or act in any manner relating thereto.

UNANIMOUSLY VOTED that the Town appropriate and raise by transfer from the stabilization fund the sum of \$13,000. to be used by the Board of Public Works for the purchase of a new backhoe attachment with appurtenances for the John Deere 401C tractor.

ARTICLE 30. To see if the Town will vote to appropriate and raise a sum of money to be used by the Board of Public Works for the purchase of two new underbody snowplows with appurtenances and determine whether the money shall be raised by taxation, by transfer from available funds in the treasury, by transfer from the stabilization fund, or by borrowing under the provisions of Chapter 44 of the General Laws, or act in any manner relating thereto.

UNANIMOUSLY VOTED that the Town appropriate and raise by transfer from the stabilization fund the sum of \$5,400. to be used by the Board of Public Works for the purchase of two new underbody snowplows with appurtenances.

MOTION made by Daniel Mundy that this meeting be recessed until Tuesday, May 11, 1982, at 7:30 p.m. in this hall.

VOTED that this meeting be recessed until Tuesday, May 11, 1982, at 7:30 p.m. in this hall.

Meeting recessed at 11:00 p.m.

Town Clerk

Arthur Smith	200.00

ARTICLE 33. To see if the Town will vote to appropriate and raise a sum of money to be used by the Board of Public Works to continue implementing the tree care program throughout the Town and to determine whether the money shall be provided for by taxation or by transfer from available funds in the treasury, or act in any manner relating thereto.

VOTED that the Town appropriate and raise by taxation the sum of \$5,000. to be used by the Board of Public Works to continue implementing the tree care program throughout the Town.

ARTICLE 34. To see if the Town will vote to authorize the Board of Public Works to appoint its own Sewer and Water Registrar, funds therefor to be obtained from the department budget, or act in any manner relating thereto.

MOTION made by Judith Ackerman, Finance Committee member, that the Town do vote to authorize the Board of Public Works to appoint its own Sewer and Water Registrar, funds therefor to be obtained from the department budget.

AMENDED MOTION made by George D. Cassidy, Jr. to delete "funds therefor to be obtained from the department budget."

By VOICE VOTE the Amended Motion was Carried.

VOTED that the Town authorize the Board of Public Works to appoint its own Sewer and Water Registrar.

ARTICLE 35. To see if the Town will vote to appropriate and raise a sum of money to be used by the Board of Public Works in connection with implementation of a drainage project at a Curve Street location and to determine whether the money shall be provided for by taxation, by transfer from available funds in the treasury, by transfer from the stabilization fund, or act in any manner relating thereto.

MOTION made by Judith Ackerman that Article 35 be dismissed.

After a lengthy discussion, MOTION made by Collins C. O'Connor, Selectmen to Move the Previous Question.

The Vote Not being Unanimous, a standing vote was taken.

By Rising count, "Yes" 83 - "No" 4, it was VOTED to Move the Previous Question.

By VOICE VOTE the Motion for Dismissal was Not Carried.

MOTION made by Collins C. O'Connor that the Town do vote to appropriate and raise by transfer from the stabilization fund the sum of \$9,500. to be used by the Board of Public Works to implement a drainage project at a Curve Street location.

UNANIMOUSLY VOTED that the Town appropriate and raise by transfer from the stabilization fund the sum of \$9,500 to be used by the Board of Public Works to implement a drainage project at a Curve Street location.

ARTICLE 27. To see if the Town will vote to appropriate and raise a sum of money and to authorize the Board of Public Works to construct rehabilitative improvements to the Town's water system, or otherwise act thereon, to be used in conjunction with all available State and Federal funds and to determine whether the money is to be provided for by taxation, by transfer from available funds in the treasury, by transfer from the stabilization fund, or by borrowing through community facility loans from the U.S. Department of Agriculture Farmers Home Administration, or by accepting a grant from the U.S. Department of Agriculture Farmers Home Administration, or act in any manner relating thereto.

UNANIMOUSLY VOTED that the Town appropriate the sum of \$70,000. said sum to be raised by transfer of \$7,000 from the stabilization fund and \$63,000. by borrowing through Community facility loans from the U.S. Department of Agriculture Farmers Home Administration or by accepting a grant from the U.S. Department of Agriculture Farmers Home Administration, said funds to be used only in conjunction with any available matching State and Federal funds, and authorize the Board of Public Works to construct rehabilitative improvements to the Town's water system with said funds.

ARTICLE 36. To see if the Town will vote to amend "Section XIV, Environmental Performance Standards" of the Zoning By-law by adding the following subsection:

"14. Disposal of Low Level Radioactive Waste. No land within any district in the Town shall be used for the collection, treatment, storage, burial, incineration, or disposal of radioactive waste, including but not limited to wastes classified as low-level radioactive waste, except that on-site produced waste may be temporarily stored pending disposal not exceeding thirty days. For purposes of this by-law, low-level radioactive waste shall be defined as radioactive waste not classified as high-level radioactive waste, transuranic waste, spent nuclear fuel, or by-product material as defined in Section IIe (2) of the Atomic Energy Act of 1954.",

or act in any manner relating thereto.

The report of the Planning Board was read by the Moderator.

UNANIMOUSLY VOTED that the Town amend "Section XIV, Environmental Performance Standards" of the Zoning By-law by adding subsection 14 as stated in Article 36 of the 1982 Annual Town Meeting.

ARTICLE 37. To see if the Town will vote to amend "Section V, Use Regulations, Subsection D, Table 1", of the Zoning By-law by adding the following paragraph 15, under WHOLESale, TRANSPORTATION AND INDUSTRIAL.

Principal Uses	Residential			Commercial	Industrial
	R-T	R-S	R-V	C-V	I-P
WHOLESale, TRANSPORTATION AND INDUSTRIAL					
15. Disposal of Low-Level Radioactive Waste	N	N	N	N	N

or act in any manner relating thereto.

UNANIMOUSLY VOTED that the Town amend "Section V, Use Regulations, Subsection D, Table 1", of the Zoning By-law by adding the following paragraph 15, under WHOLESale, TRANSPORTATION, AND INDUSTRIAL.

Principal Uses	Residential			Commercial	Industrial
	R-T	R-S	R-V	C-V	I-P
WHOLESale, TRANSPORTATION AND INDUSTRIAL					
15. Disposal of Low-Level Radioactive Waste	N	N	N	N	N

ARTICLE 38. To see if the Town will vote to amend Section II of the Zoning By-law by adding the following Definitions alphabetically to the present Definitions:

"Agent: Inspector appointed or approved by the Planning Board acting as the agent of the Planning Board.

Applicant: The person submitting any application under the provisions of this By-law including a firm, association, organization, partnership, trust, company or corporation as well as an individual. A representative may act for an owner, provided written evidence of such fact is submitted. Evidence in the form of a list of their officers and designated authority to sign legal documents shall be required for a corporation.

Buffer: An open space, landscaped strip, earth mounds or natural woodlands utilized to separate uses or to separate a Planned Development or Residential Cluster Development site from all boundary uses.

Building, Semi-Detached: A building connected on one side to a building by a common or party wall with a separate exterior entrance for each dwelling unit.

Coverage Ratio: The average maximum proportion of impervious (Building paving) ground coverage permitted per acre of land in a Planned Development or Residential Cluster Development.

Developer: The person, persons, corporation, trust firm or partnership or other legal entity who shall be responsible for the development of land and/or structure(s) or is charged with the execution of a Planned Development or Residential Cluster Development under this By-law.

Development Schedule: A schedule of the rate of construction of housing, business and industrial units and improvements.

Dwelling Unit: One or more rooms providing complete living facilities for one family, including equipment for cooking or provisions for the same, and including rooms for living, sleeping and eating.

Engineer: A person who is permanently registered by the State of Massachusetts or out-of-state registrant who is legally permitted on a temporary basis by the State of Massachusetts to practice professional civil engineering services in the Commonwealth of Massachusetts.

Findings: A written report of a decision reached by the Special Permit Granting Authority as required by this By-law.

Home Owner's or Resident's Association: A legal organization approved by this By-law composed of all resident owners in a Planned Development or Residential Cluster Development responsible for owning or maintaining common property, providing for compulsory membership for such residents, equitable voting rights and effective participation opportunities.

Land Improvement: An improvement involving the allocation of certain lands and/or buildings for utilization by the public..

Landowner: The record owner of the fee simple title to a parcel, tract or lot of land.

Land Area: The Horizontal area of the lot exclusive of any area in a public or private way open to public uses.

Municipal Services: Public utilities furnished by the Town in which a development is located, such as water, sewerage, gas and electricity.

Non Residential Uses: Uses other than residential intended to be utilized in conformance with an approved Planned Development Application.

Open Space: Land area which is not covered by buildings or impervious material.

Open Space, Common: A restricted parcel or parcels of land or an area of water, or a combination of land and water within a site, designed and intended for the common use and enjoyment of the residents of a Planned Development or Residential Cluster Development, exclusive of rear, side and front yards, and owned or controlled by the residents or an organization controlled thereby, the Town or other public agency or charitable organization.

Open Space Ratio, Common: The minimum number of square feet of open space required per dwelling unit in a Residential Cluster Development.

Plan: A graphic description with information required by various sections of this By-law.

Preliminary Qualifications: The determination of the suitability of a site, and conditions for the submission of a Development.

Projections: Cornices, eaves, gutters, outside chimneys, steps, stoops, bay windows, terraces and bulkheads.

Public Donation: A technique of preserving common open space by its donation either by a perpetual conservation or preservation restriction or in fee to the Town for conservation purposes or to a public agency or private charitable organization whose purposes include the acquisition and holding of land for open space purposes.

Report: A written description with information required by various sections of this By-law.

"Register of Deeds": The Register of Deeds of Norfolk County and when appropriate, shall include the Recorder of the Land Court.

Setback: A area of specified dimensions extending from the property line to the building line which may be utilized for paving, landscaping and utilities.

Site: A land area submitted for Planned Development or Residential Cluster Development.

Surveyor: A person who is permanently registered by the State of Massachusetts or out-of-state registrant who is legally permitted to practice land surveying in the Commonwealth of Massachusetts.

Use Intensity: The maximum number of housing, business and industrial units per acre overall of that portion of a site allocated for that purpose.

Use Restrictions: A qualification placed upon any or all parts of a site which shall define the uses permitted on the land.

Wetlands: Wetlands shall be as defined by Massachusetts General Laws, Chapter 131, Sections 40 and 40A",

or act in any manner relating thereto.

UNANIMOUSLY VOTED that the Town amend Section II of the Zoning By-law by adding the Definitions as outlined in Article 38 of the 1982 Annual Town Meeting.

ARTICLE 39. To see if the Town will vote to amend Section II of the Zoning By-law by deleting the definition "Dwelling" and replacing with the following:

"Dwelling": A privately-or-publicly-owned permanent structure for residential occupancy. The terms "one-family, two-family, multi-family, condominium or cooperative dwelling" shall not include motel, guest house, hospital, membership club, trailer or dormitory."

or act in any manner relating thereto.

The Voice Vote not being unanimous, a standing vote was taken. By rising count, "Yes" 88 - "No" 2, it was VOTED to amend Section II of the Zoning By-law by deleting the definition "Dwelling" and replacing with the following:

"Dwelling": A privately-or-publicly-owned permanent structure for residential occupancy. The terms "one-family, two-family, multi-family, condominium or cooperative dwelling" shall not include motel, guest house, hospital, membership club, trailer or dormitory."

ARTICLE 40. To see if the Town will vote to amend Section II of the Zoning By-law by deleting the definition "Dwelling, Multi-Family - Multi Dwelling Unit" and replacing with the following:

"Dwelling, Multi-Family - Multi Dwelling Unit": A detached building or buildings, occupied by three or more families and including apartment house, garden apartment house, town house, multirow house, condominium or cooperative.",

or act in any manner thereto.

UNANIMOUSLY VOTED that the Town amend Section II of the Zoning By-law by deleting the definition "Dwelling, Multi-Family - Multi Dwelling Unit" and replacing with the following:

"Dwelling, Multi-Family - Multi Dwelling Unit": A detached building or buildings, occupied by three or more families and including apartment house, garden apartment house, town house, multirow house, condominium or cooperative."

ARTICLE 41. To see if the Town will vote to amend "Section VI, Area, Height and Bulk Regulations, Subsection NOTES" of the Zoning By-law by deleting the first paragraph and replacing with the following.

- "1. Except for multi-family dwelling units, planned business developments, industrial developments, community facilities, and public utilities, only one principal structure shall be permitted on one lot. Minimum distance between buildings shall be twice the required side yard."

or act in any manner thereto.

UNANIMOUSLY VOTED that the Town amend "Section VI, Area, Height and Bulk Regulations, Subsection NOTES" of the Zoning By-law by deleting the first paragraph and replacing with the following:

- "1. Except for multi-family dwelling units, planned business developments, industrial developments, community facilities, and public utilities, only one principal structure shall be permitted on one lot. Minimum distance between buildings shall be twice the required side yard."

ARTICLE 42. To see if the Town will vote to amend "Section XIII, Special Permit Conditions: of the Zoning By-law by adding the following:

"G. Cluster Residential Development

1. The purpose of this section is to allow efficient use of land while simultaneously preserving open space for conservation and recreation, in harmony with its natural features and to promote the health, safety and general welfare of the inhabitants of the Town of Millis.
2. The total number of lots in the development shall not exceed the number of lots which could be developed under normal application requirements in the district.
3. The parcel in single or consolidated ownership at the time of application shall be at least 6 acres in size.
4. A site plan shall be presented for the entire parcel showing two-foot finished contours, existing and proposed drainage, sewerage, water, parking, street access, landscaping and wetlands, and where it constitutes a subdivision shall be subject to approval by the Planning Board as per the Land Subdivision Rules and Regulations of the Planning Board of the Town of Millis.
5. Every individual lot shall contain not less than the following:

SETBACKS

	Area Square Ft.	Lot Frontage	Front	Side	Rear
RT	36,000	120	40	15	20
RS	20,000	100	40	15	20
RV	13,500	90	40	15	20

6. The development shall be served by both a public water and sewerage system or private system approved by the Board of Health.
7. At least 10 percent of the total parcel area in R-V, 20 percent of the total parcel area in R-S and 40 percent of the total parcel area in R-T (of which at least 75 percent shall not be wetlands or land with a slope in excess of 20 percent, or as approved by the Planning Board) shall be set aside as common land and shall be either deeded to the Town or covenanted to be maintained as permanent "open space" in private or cooperative nonprofit ownership. The common land shall be either in a single contiguous parcel or in several separated parcels as deemed appropriate by the Planning Board.
8. Such common land shall be deeded or permanently covenanted simultaneously with the Planning Board's approval of the Subdivision Plan.
9. Such common land shall be restricted to open space, play fields, golf course, or conservation area.
10. Such common land shall have suitable access to a public way.
11. Application for a Cluster Development shall be subject to the same requirements as the application for a Subdivision Plan under the Land Subdivision Rules and Regulations of the Town of Millis.",

or act in any manner relating thereto.

MOTION made by Carol Mushnick, Finance Committee member, that the Town do vote to amend "Section XIII, Special Permit Conditions" of the Zoning By-law by adding "Section G, Cluster Residential Development", as stated in Article 42 of the 1982 Annual Town Meeting.

AMENDED MOTION made by Peter Dewey that Article 42, Section 3, read "at least 10 acres in size."

By VOICE VOTE the Amended Motion was Carried.

MOTION made by Peter Monaghan that Article 42, Section 7, be Amended by deleting the words "either deeded to the Town or."

The Voice Vote being in doubt, a standing vote was taken. By rising court, "Yes" 25 - "No" 61, the Amended Motion was Not Carried.

MOTION made by Peter Temple that Article 42, Section 7, be Amended by

eliminating the word "either" in the last sentence and putting a period after the word "parcel", so that the last sentence would read as follows "The common land shall be in a single contiguous parcel."

By Voice Vote the Amended Motion was Not Carried.

After a lengthy discussion on this Article, MOTION made by Collins C. O'Connor to Move the Previous Question.

UNANIMOUSLY VOTED to Move the Previous Question.

By rising count, "yes" 62 - "No" 41, the Motion to adopt Article 42 was Not Carried.

ARTICLE 43. To see if the Town will vote to amend "Section V, Use Regulations, Subsection D., Table 1", of the Zoning By-law by adding the following paragraph 6, under RESIDENTIAL:

Principal Uses	Residential			Commercial	Industrial
	R-T	R-S	R-V	C-V	I-P
RESIDENTIAL					
6. Cluster Residential Development	P	P	P	P	P

or act in any manner relating thereto.

MOTION made by Alfred A. Tolley, Jr., Planning Board member, that Article 43 be Dismissed.

VOTED to Dismiss Article 43.

ARTICLE 44. To see if the Town will vote to appropriate and transfer a sum of money from the stabilization fund to be used for any purpose for which the Town would be authorized to borrow money under Section 7 or 8 of Chapter 44 of the General Laws or for such other municipal purpose as approved by the Emergency Finance Board, or act in any manner relating thereto.

MOTION made by Carol Mushrick that Article 44 be Dismissed.

VOTED to Dismiss Article 44.

MOTION made by William Koney that this meeting be recessed until Monday, June 28, 1982, at 7:30 p.m. in this hall.

The VOICE VOTE being in doubt, a standing vote was taken. By rising count, "Yes" 63 - "No" 43, it was VOTED that this meeting be recessed until Monday, June 28, 1982, at 7:30 p.m. in this hall.

Meeting recessed at 10:43 p.m.

Town Clerk

Question 1 - Proposed Amendment to the Constitution

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and the Senate on July 2, 1980 by a vote of 171-4, and on June 21, 1982 by a vote of 144-44?

SUMMARY

The proposed constitutional amendment would remove the present constitutional prohibition against the use of public funds to aid or maintain private primary or secondary schools.

It would permit the Commonwealth, cities and towns to make public funds available to pupils attending private primary and secondary schools in the form of either aid, materials or services subject, however, to three specific

limitations. First, the private school could not be one that discriminates on the basis of race or color in its admission requirements. Second, the grant of aid must be consistent with the First Amendment to the United States Constitution which guarantees the free exercise of religion and prohibits the establishment of religion. Third, individual pupils would have to request the aid, materials or services. In addition to these three specific limitations, the amendment would authorize the legislature to enact other laws imposing conditions or restrictions on the grant of public aid, materials or services.

The proposal would also change the state constitution to allow public money to be spent to aid infirmaries, hospitals, charitable or religious undertakings if they are either publicly owned or under the control of public officials. The state constitution now prohibits such spending unless these institutions are both publicly owned and under the control of public officials.

No	730	995	1,725
Blanks	60	89	149

Question 2 - Proposed Amendment to the Constitution

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and the Senate on September 19, 1980 by a vote of 123-63, and on June 21, 1982 by a vote of 125-62?

SUMMARY

The proposed constitutional amendment would allow the legislature to enact laws authorizing the state courts to impose the death penalty on the conviction of crimes to be specified by law. The proposed amendment would provide that no provision of the state constitution may in the future be construed as prohibiting the imposition of the punishment of death.

Yes	731	924	1,655
No	416	556	972
Blanks	54	67	121

Question 3 - Law Proposed by Initiative Petition

Do you approve of a law summarized below on which no vote was taken by the House of Representatives or the Senate before July 7, 1982?

SUMMARY

The proposed law would require that before the construction or operation of any new nuclear power plant or low-level radioactive waste storage or disposal facility in the Commonwealth, the legislature must make certain findings and a majority of voters must approve the new facility at a statewide election.

Before the question of building a new nuclear power plant could be submitted to the voters, the legislature would have to find that (1) the proposed facility is the best means for meeting energy needs based on certain

economic, safety, environmental and social considerations; (2) a federally-licensed facility exists for the disposal of the high-level radioactive waste that would be generated; (3) an approved emergency preparedness plan has been developed; (4) radioactive pollution standards have been promulgated; and (5) a demonstrated, federally-approved technology exists for decommissioning the proposed power plant.

Before the question of building and operating a low-level radioactive waste storage or disposal facility or of entering into an agreement with another state to build and operate such a facility in Massachusetts could be submitted to the voters, the legislature would have to find that the technology and site designated for the proposed facility are the best available based on certain economic, safety, environmental and social considerations. The legislature would also have to find that the obligations imposed on Massachusetts by any interstate agreement were no greater than those imposed on any other state.

The proposal would not apply to a facility which had obtained all necessary government approvals before August 5, 1981, nor to any facility for disposal or storage of radioactive wastes from medical or bio-research applications in Massachusetts.

Question 4 - Referendum on an existing Law

Do you approve of a law summarized below, which was approved by the House of Representatives on November 10, 1981 by a vote of 108-49, and by the Senate on November 16, 1981 by a vote of 29-1?

SUMMARY

The law requires that a refundable deposit be paid for certain beverage containers sold in Massachusetts.

Beverage containers of less than 32 ounces must have a refund value of at least five cents and larger containers a refund value of at least ten cents. This requirement applies to nonbiodegradable containers of carbonated soft drinks, mineral water, beer and other malt beverages, but not to containers of other alcoholic beverages, dairy products, natural fruit juices or wine. All beverage containers subject to deposit must clearly indicate the refund value on the container.

The deposit is paid by the consumer upon purchase and must be refunded when the consumer returns the empty container to a proper dealer or redemption center, so long as the container does not contain any material different from its normal contents. Dealers and distributors are also subject to the same deposit and refund on the beverage containers they handle, and are also entitled to a handling fee of at least one cent per container.

No containers can be sold in the state if they are joined together by plastic rings or any other device that cannot be broken down by light or bacteria.

The law provides a bottler a reduction in corporate excise tax of one-tenth of one cent for each reusable beverage container which the bottler sells in the first three months of 1983. The law provides for additional unemployment benefits and, if the Legislature appropriates the funds, a job retraining

program for employees of bottlers, canners, or manufacturers of beverage containers who lose their jobs as a result of this law.
The law takes effect on January 17, 1983.

Question 5

Shall the Secretary of the Commonwealth of Massachusetts inform the President and the Congress of the United States that it is the desire of the people of Massachusetts to have the government of the United States work vigorously to negotiate a mutual nuclear weapons moratorium and reduction, with appropriate verification, with the Soviet Union and other nations?

Yes	876	1,139	2,015
No	256	347	603
Blanks	69	61	130

REPORT OF THE BOARD OF SELECTMEN

The Board of Selectmen organized on May 10, 1982, with Leonard J. Bateman, Jr. as Chairman, Hindy Rosenfeld as Vice Chairman and Collins C. O'Connor as Clerk.

The Selectmen, involved with every phase of town government, continue to act as liaison to many in and out-of-town Boards and are active in union negotiations under the jurisdiction of the Board of Selectmen. Increased duties coupled with governmental State and Federal requirements almost belie the fact that a Selectmen's position is "part time".

Just as the Chinese designate each of the years as The Year of the Cat or The Year of the Dragon, we must designate this year in Millis as The Year of the Change and The Year of the Roof.

Where changes were concerned, George Cassidy saw fit to retire from the part-time position of Town Accountant last May, a job he held for fifteen years. George was recognized by Proclamation from the Board of Selectmen at the last Annual Town Meeting and was accorded a standing ovation by our citizens, an honor richly deserved.

We were fortunate to retain the services of Caroline Price of Dedham as Town Accountant. Mrs. Price took over the reins in a smooth transition period aided by Mr. Cassidy.

In the same office, Bookkeeper Mary Germano retired after 20 years of service to more leisurely pursuits. With the computer taking over many of the bookkeeping jobs, we hired the services of Barbara Byrant to the Computer Operator position. With Mary's help in transition, the office is running smoothly.

The appointment of Bob Russo to the Board of Assessors to fill the vacancy created by Fred Tierney will enable the Assessor's revaluation program to continue under a full board. Bob has almost completed schooling in East Bridgewater and will be eligible for assessor certification very soon. He will be a valuable addition to the Board of Assessors with his past experience on other town boards.

For those who have been anxiously awaiting Cable TV, we signed the final license with Rollins Cablevision on December 20, 1982, and look forward to having cable service in Millis by April of 1983. The process was lengthy and time consuming, but handled superlatively by a fine Cable TV Committee who are still overseeing the program and will be observing the stringing of the lines beginning in February.

For that part of the year in Millis designated as The Year of the Roof, hardly a building owned by the town has escaped some form of roof damage needing repair or complete renovation. The Town Office roof has just been completed. We are still waiting for estimates to repair the lower library roof, since contractors declined to write specifications or make bids for earlier repair requests. We are told the Clyde Brown School roof will be a

future project and the older part of the fire station roof is in need of repair with leakage problems. The Department of Public Works building roof is also in need of repair. We are trying to address these problems, knowing that preventive maintenance may just keep a roof over our heads.

Now that the town office roof is completed, we are going to renovate the town office building to accommodate the expanded use it has been getting from town departments. We hope to make it more energy efficient, more comfortable for those who work there and those who attend meetings there, and more attractive in the sense that it is and should be a building in which we can all take pride.

The recent acquisition of the Cott (Clicquot) property by the Ann and Hope Company of Cumberland, Rhode Island, is good news for Millis. Ann and Hope, Inc. was the first of discount stores and will be using the property as a distribution center. We have met with Mr. Irwin Chase, President of Ann and Hope, Inc. a number of times, and welcome him as our neighbor. Mr. Chase's company has already put some of our local people to work while the buildings are being renovated. We wish Mr. Chase and Ann and Hope every success.

Volunteer programs remain the mainstay of our existence in many areas. The SMOC program for fuel assistance is being processed by Ellen Stokinger, and we find her assistance invaluable. Those in need of the program can get all requirements by calling 376-4040 at Niagara Hall on Wednesday between the hours of 12:30 p.m. and 3:30 p.m.

The lovely landscaping at Towle's Corner was undertaken by members of the Oak Tree League with a grant left in the hands of the Selectmen some years ago. Oak Tree's other beautification projects in Millis have been most evident with funds they have raised on their own. We applaud their efforts and wish them continued success so that they may continue their fine work.

Energy Commission members Tauno Aalto, Sam Howie, Nick Costantino and Francis Murphy continue working in our behalf. They are completing a project at the landfill building that will greatly decrease fuel consumption and are drafting a more efficient heating plan for the town office building. If departments in town buildings are having problems that could be addressed by this hardworking committee, please contact any of the above members.

Thanks to Carole Kellogg and her committee for providing Fourth of July festivities which so many people look forward to each year. Anticipation of the event builds throughout the year so that it gets bigger and better every 4th.

We extend thanks to all those who help us provide services and would be remiss if we did not mention Bob Leslie and DPW people who cheerfully aid us with Christmas decorating and many other chores in town. Our thanks to Mr. Vellante, who provides school space on many necessary occasions and to members of the School Committee, whose cooperation in our endeavors is appreciated.

The new ambulance, delivered a few short months ago, is the latest in efficiency and life-saving equipment. It is obvious that we have an excellent, top-rated vehicle on hand, ready for any emergency.

We have addressed many complaints in Millis about local telephone service. Updated equipment has been installed in the central office and will give Millis better service in the future.

We held a 90th birthday party for "Mid" LaCroix at the Town Office last August. It was a fun recognition for one of our most honorable citizens, and guess who was the "life of the party". We'd just like to be able to keep up with him - and wish him MANY MANY MORE.

On November 18, 1982, we held a Departmental Seminar that was very well attended. Most departments aired their concerns for the coming year. It was hoped that another seminar could be held at budget time (January), but other events took precedence. Caroline Price, Town Accountant, did report however, that budgets would have to be level funded once again, unless additional monies would become available, an unknown factor at this time.

We have difficulty in finding people to fill vacated appointment slots and would appreciate hearing from anyone willing to serve.

There are so many things that come to our attention in the course of one year that we could go on indefinitely. We have given you the highlights and must now close on a different note.

Nothing has saddened this community so much as the untimely death of Police Chief George Smith. Millis has had more than its share of tragedy and those who have departed, leave us with a terrible sense of loss and grief that we share with their families.

Time, in its own way, will help to heal our wounds, because we have been left with a heritage of achievements that will be long remembered.

Respectfully submitted,

Leonard J. Bateman, Jr., Chairman
Hindy Rosenfeld, Vice Chairman
Collins C. O'Connor, Clerk

A surprise Santa paid a surprise visit to the Board of Selectmen's Office. From left to right, front row: Hindy Rosenfeld; Santa; Leonard Batemen; back row: Collins O'Connor; Jacqueline Anderson, Administrative Assistant.

CONTRACTS BID AND AWARDED BY THE BOARD OF SELECTMEN DURING 1982

Insurance - hospital medical, surgical - Blue Cross/Blue Shield, Brockton, Mass., only bidder, coverage for July 1, 1982 to July 1, 1983, under Chapter 32B of the General Laws, individual, \$67.72; family, \$175.73; O.M.E. individual, \$30.79 per month. Life, accidental and dismemberment awarded Boston Mutual Life Insurance Co., Boston, Mass., to July 1, 1983, \$.69 per thousand dollars, limit \$5,000.00 insurance per employee. The Town pays one half of the insurance premiums.	
Insurance - general - Richard G. Connors Insurance, Inc., Dedham	\$82,611.00
Insurance - police professional liability - Richard G. Connors Insurance, Inc., Dedham	\$2,062.00

GEORGE D. CASSIDY, JR.

George Cassidy retired this year from his position as Town Accountant after serving the Town so well in that capacity for fifteen years. In addition, Mr. Cassidy was Water Registrar, Sewer Registrar, Charter Commission member as well as being active on many Town Committees. He is still a member of the Industrial Development Financing Authority. His dedicated service to Millis is deeply appreciated and we sincerely hope he will continue his efforts in Millis' behalf for many years to come.

REPORT OF THE TOWN ACCOUNTANT

In accordance with the requirements of Chapter 41, Section 61, of the Massachusetts General Laws, the following financial statements for the town of Millis are submitted for the fiscal year ended June 30, 1982:

(1) Balance Sheet

(2) Schedule of Receipts

(3) Recapitulation of Appropriations and Expenditures

Respectfully submitted,

Caroline F. Price
Town Accountant

MARY M. GERMANO

Mary Germano retired in October 1982 after twenty years of service to the Town of Millis. Mrs. Germano began work for the Millis Board of Welfare. When the Department of Welfare became a State Agency, Mrs. Germano joined the Town Office staff as a bookkeeper. In more recent years she served as computer operator for the Town.

The Board of Selectmen, in behalf of the Town of Millis, extends to Mary Germano a healthy, happy retirement and its appreciation for her many years of service.

COUNCIL ON AGING REPORT

The Council on Aging, a seven-member board, appointed by the Board of Selectmen, meets on the third Tuesday of each month, September through June at Kennedy Terrace Recreation Room. Its task is to maintain and improve, when able, the quality of life for the senior citizens of Millis.

Special attention has been given to health care, nutrition and transportation.

The majority of the housing units at Kennedy and King Terrace are occupied by senior citizens. The balance of our seniors live in their own homes or apartments, with their families or at the Town's only rest home, Four Seasons. There are in excess of five hundred senior citizens in Millis.

Health clinics, a legal clinic and recreational opportunities are either planned, co-sponsored or overseen by the Council on Aging. A frequently published newsletter is mailed to 505 households in an effort to keep our senior citizens informed of the opportunities available to them.

The daily nutrition program continues at St. Paul's Parish Hall. In addition, over 240 meals per month are delivered by volunteers to shut-ins.

The Fuel Assistance program is being coordinated by the Council on Aging again this year.

Future plans are to re-introduce and update the Vial of Life Program in hopes of making daily living as secure and safe as it can be for our senior citizens.

Respectfully submitted,

Priscilla Sinatra
CHAIRMAN

REPORT OF THE ZONING LAW APPEAL BOARD

The board held 18 public hearings during calendar year 1982 as follows:

Paul L. Germano - denied a variance to separate two contiguous lots on Union Street;

George D'Innocenzo - granted a frontage variance for a single family dwelling at 189 Village Street;

Vincent Kane, Jr. - granted a side line variance to construct an addition at 30 Ticonderoga Lane;

C. John Greco - denied a special permit to operate an antique shop at 360 Orchard Street;

Dennis and Helen Trumbour - granted a side line variance to construct an addition at 83 Meadow Cartway;

William and Kathy Curley - granted a special permit for a home occupation as insurance agents at 7 Hilltop Drive to be renewed annually;

Millis Car Care - denied a variance for non conforming use due to owner not obtaining a Conservation Commission permit for filling of property at 1475 Main Street;

Peter Shea - granted variance to operate automotive repair shop at 150 Union Street;

Millis Inn, Inc. - denied variance for sale of alcoholic beverages at 350 Village Street;

Paul and Florence Mick - granted variances for operation of retail flower shop at 54 Plain Street;

Melissa Holt - granted variance for commercial riding stable and indoor riding ring at 112 Farm Street;

John Arena - granted side line variance to construct an addition at 10 Walnut Street;

Ghassoub Frangie - granted special permit to keep horses at 446 Main Street to be renewed annually;

Medway Lumber and Home Supply - granted variance and special permit for retail lumber sales and storage at southerly side of Main Street;

Richard Eaton and George and Mary Dearborn - granted equal frontage variance for two lots at 357 Union Street and adjoining lot;

Stephen and Wendy Joseph - granted side line variance to construct addition at 36 Dover Road;

Millis Corporation - granted variance for temporary use of modular units for office space at 140 Dover Road;

Alfred Thompson - granted variance to convert single family to two family dwelling at 339 Village Street.

Annual renewals for the keeping of horses were granted to:

Kenneth Schunk - 33 Myrtle Street
Richard Holmgren - 241 Main Street
Robert McMorrow - 4 Independence Lane
Claudette Picklesimer - 183 Farm Street

Annual renewl for home occupation/business was granted to Helen Kubacki - 22 Middlesex Street.

Wayne Hansen, Chairman
Earl Rhyne, Clerk

REPORT OF CABLE TELEVISION ADVISORY COMMITTEE

The process required to bring cable television to Millis continued throughout the year. The most difficult task of selecting one applicant out of the four companies desiring the CATV franchise was finally completed. In March 1982 the cable television advisory committee submitted its recommendation to the issuing authority that Rollins Cablevision of Southeast Massachusetts be awarded the franchise to bring cable television to Millis. On April 8, 1982 a provisional license was issued to Rollins Cablevision.

The cable television advisory committee continued to meet to insure that all requirements presented in the provisional license were accomplished before a final license could be issued. On December 20, 1982 the final license was signed with Rollins Cablevision of Southeast Massachusetts.

All preliminary work has been completed. As of this writing, pole make ready work has started. Actual cable installation will start early in 1983 with completion expected in early spring 1983.

Respectfully submitted,

Robert J. Provost, Sr.
Chairman CATV Advisory Commission

REPORT OF CIVIL DEFENSE COMMISSION

I herewith submit my report for the Civil Defense Commission for the year 1982. All requests of the State directors have been fulfilled and reports requested completed and submitted.

Our fire/police dispatchers and civil defense radio communications officers have taken part in all radio alerts and drills.

Respectfully submitted,

Manning Doliner
Civil Defense Director

REPORT OF THE CONSERVATION COMMISSION

During 1982, the Conservation Commission underwent a number of changes, both in location and in membership. First, the regular meeting night was changed to the second Monday of the month and meetings will now be held in the Board of Health Office at the rear of Niagara Hall on Exchange Street. Second, we were fortunate to find a very competent new secretary, Kathi O'Callaghan, to carry on the excellent work performed by Janice Aviza, who resigned in July. Also, two key members, John Minnucci and Durwood Rowley, left the Commission because of new assignments in their regular jobs. John served as Chairman in 1980 and Durwood succeeded him until he resigned in October 1982. Finally, we welcome aboard Edward Chisholm as a new member.

Only one public hearing was required under the Massachusetts Inland Wetlands Act and it concerned an application by Medway Lumber to develop a parcel of land on the south side of Route 109, adjacent to the wetlands. The work was permitted with restrictive conditions.

In addition to the above new work, the Commission was active in reviewing the status of Orders of Conditions set by the Commission on past Inland Wetlands Act applications. Where necessary, previous applicants were requested to modify their work in order to comply with those conditions set by the Commission.

The Commission reviewed the site of the proposed condominiums at the end of Clarke Road, even though a Notice of Intent has not as yet been filed by the applicant.

The Commission identified all lands under its jurisdictions and reviewed and discussed the limitations imposed on land under conservation easement with some owners.

A representative of the Commission participated in the West Resource Recovery Council In-Town Committee to prepare plans for the region's solid waste disposal.

Members directed and participated in the May 8, 1982 cleanup of the Charles River in Millis.

The Commission worked closely with the Recreation Committee which was developing a Life Course for exercise on Conservation land off Village Street. A public meeting was held to discuss permitted uses with abutters of the Commission land. As a result, the location of the Life Course was adjusted to respond to abutters' comments and a set of rules and regulations was developed which will form a basis for application on other Conservation Commission land. Thanks is also extended to the Millis Lions Club for their assistance in constructing footbridges for the Life Course.

I believe the major accomplishment of the Commission during 1982 was the preservation of a large tract of farmland in Millis. Under the Massachusetts Agricultural Preservation Restriction Act of 1977, the town acting with the State, was able to purchase the development rights of the Louis De Angelis' farm on Spring Street. Funds were provided almost entirely from the State,

with the exception of \$6,000 contributed by the Conservation Commission. The owner received cash for the development equity and will continue farming on the land, thus preserving a valuable natural resource.

Respectfully submitted,

Lawrence J. Bergen, CHAIRMAN
Millis Conservation Commission

1982 REPORT OF THE TOWN COUNSEL

The Town of Millis was an active litigant in a variety of courts during 1982.

Together with the Fitchburg City Solicitor, Town Counsel drafted and submitted on behalf of the Town a joint amici curiae brief for the United States Supreme court in the case of City of Revere v. Massachusetts General Hospital, which involves the constitutional obligation of municipalities to pay for medical expenses for suspects injured during arrests. Oral argument is expected in January of 1983.

The Massachusetts Supreme Court affirmed a decision of the Appellate Tax Board which had reversed the Millis Board of Public Works' denial of certain water abatements.

After six years of litigation, the \$1.5 million civil rights action brought by developer John E. Sullivan against the Town and eighteen present and former Town officials was disposed of on extremely favorable terms and without personal liability for any of the individual defendants. An automobile accident case involving the Town was settled without liability to the Town. The suit between the general contractor and the Town concerning the construction of the addition to the Police-Fire Station was also settled.

There was significant Appellate Tax Board activity involving the Town during 1982. Five different cases, including one major case, were settled either prior to or during trial.

Three new law suits involving the Town commenced in 1982. A convict sued the Town under the civil rights act for wrongful jury selection, but this was eventually dismissed by the Federal Court. A restaurant owner sued the Planning Board for its failure to grant a special permit to build a playground. Once again, an innholder sued the Board of Appeals for failure to grant a variance to allow him to sell alcoholic beverages.

Town Counsel rendered 16 formal written legal opinions and 36 oral legal opinions involving legal research, to various Town boards and personnel. He also rendered counsel and advice to Town officials and employees on numerous other occasions. Sixteen contracts were either drafted, revised or reviewed by Town Counsel. Town Counsel attended most of the regular Selectmen's meetings and several meetings of other Town boards and personnel, including but not limited to, the Board of Health, Board of Assessors, Building Inspector, and Finance Committee. Town Counsel drafted and recorded numerous deeds, easements and liens on behalf of the Town. He attended all sessions of Town Meetings and either drafted, revised or reviewed all warrant articles.

Town Counsel was elected President of the Massachusetts City Solicitors and Town Counsel Association where he has been an active member since becoming Town Counsel of Millis. Town Counsel drafted and assisted with the passage by the Great and General Court of a special legislative act for the Town.

It appears from a review of the annual reports, that my 7-1/2 year tenure as Town Counsel is the longest in the history of the Town.

Respectfully submitted,

Harvey Weiner
TOWN COUNSEL

REPORT OF DOG OFFICER

As Dog Officer, I hereby submit my report for the year ending December 31, 1982.

Calls	648
Complaints	276
Dogs picked up	210
Dogs claimed by owners	132
Dogs unclaimed	46
Dogs given up by owners	32
Injured animals brought to Veterinarian	18
Animals killed on highway	136

I wish to thank the Police Department for their fine cooperation and also all dog owners abiding by the Leash Law.

Respectfully submitted,

John Cassidy
DOG OFFICER

REPORT OF THE COMMITTEE FOR THE PRESERVATION OF THE ELLICE SCHOOL

The Future is based on the Past and what we do about it Now. Many towns and cities cherish their historical buildings. The Ellice School is a substantial building which can add much to our historical heritage.

Our fund has now grown to \$419.70 as of December 31. We are so thankful to Shirley English, her family, and friends of Ellice School who contributed items to be sold at the flea market on July 4 and the lawn sale in August. We thank Nita Heustis who gave a beautiful afghan for the raffle. We thank all who gave and bought to make these sales successful. They added \$300 to our bank balance.

Respectfully submitted,

Rose L. Blom
Chairman of the Committee for the
Preservation of the Ellice School

REPORT OF THE ENERGY COMMISSION

Your Energy Conservation Commission is proud to report another progressive, rewarding year. Again the schools continue to show the best results. The reason, no doubt, that two members of the Commission - Head Custodian Nick Costantino and his assistant "Sliver" Murphy - continue getting things done as they ably have since the Commission was first appointed. They practice what this Commission preaches - Energy Conservation.

The completion of the new dual type burners at the Junior-Senior High School saw a change to natural gas heating in September. At the midpoint of the fuel year (January 8) figures had shown a saving of \$7,000 from the previous year. An emergency generator was also put on a permanent natural gas source, from one using gasoline. Electrically, the High School Cafeteria kitchen and teachers' area, which had high wattage incandescent lighting, was replaced by 28 fluorescent units that provide much more efficient and lower wattage illumination. A circulating paddle fan installed in the bus entrance area will bring trapped warm air down to where it can be felt. The Bosse system has proved itself a plus, by monitoring conditions, preventing expensive freeze-ups while also cutting energy costs with well programmed methods. The Clyde Brown and Memorial Schools had hot water gas heaters installed so that more expensive oil burners do not have to run during non-heating months.

The Town Landfill Building came under the scrutiny of this Commission after an enormous oil bill a year ago. Members Sam Howie and Duke Aalto have tackled that issue and with Sam's heating expertise, have made improvements with a cold air return and a relocation of a thermostat that should show a marked reduction upon completion of some insulation.

The Police/Fire Station saw the installation of two paddle fans in the apparatus room that bring down the warm air to where it will do some good. A monitoring system of indicating lights now alert the dispatcher of open doors in the ambulance and cruiser bays and the rear entrance corridor of the new addition. The two bays also have been put on a zone of their own that improves the efficiency of their heating system. Much more improvements are being contemplated.

The Department of Public Works Building had three more paddle fans installed in strategic areas which were warmly received. The office area there still needs attention which the Commission hopes to resolve and are included in future plans.

The Town Office is to get a thorough going over when the Commission meets with the Board of Selectmen early in February. Other Town Buildings will also be discussed. As our funds (Article 27-1980 Warrant) are slowly running out, we may be requesting an approval from the populace of further funds for future frugal forays into needed areas.

REPORT OF THE ENERGY COMMISSION

The Commission wants to thank all Town Departments for their assistance and cooperation and wants to emphasize our availability in matters concerning energy conservation.

Respectfully submitted,

Tauno "Duke" Aalto - Proudly, for a Great
Committee
Sam Howie
Nick Costantino
Sliver Murphy

IN MEMORIAM

John J. Ward

1908 - 1982

John Ward held the office of Fire Chief from 1964 to 1973. In conjunction with his duties as Fire Chief, he served as Forest Warden as well as Special Police Officer. He also served on the Board of Fire Engineers. Mr. Ward was civil Defense Director for several years and prior to that was a Sealer of Weights and Measures.

The Millis Distinguished Citizen Award was presented to Mr. Ward on September 19, 1976.

REPORT OF THE FIRE DEPARTMENT

At the annual Town Meeting in May 1980, money was appropriated to purchase a new fire truck to replace Engine #2. The contract was awarded to Maxim Motors of Middleboro, Massachusetts. In August 1982 the Town took delivery of the new truck, a 1250 g.p.m. class A Pumper, which has been put to good use many times since it was delivered.

Money was appropriated at the 1982 Town Meeting to repower the ladder truck with a new diesel engine. That contract was awarded to Pascale Service Corporation of Pawtucket, Rhode Island. The ladder truck is now back in service with a new diesel engine, new transmission, power steering, and a new rear end. This truck will give the town many more years of service before it will have to be replaced.

Permits were issued as follows:

- 26 oil burner permits
- 2 blasting permits
- 5 model rocket permits
- 5 powder storage permits
- 3 sale of Christmas trees
- 3 propane gas installations

In January 1982, Section 26F was added to Massachusetts General Laws, Chapter 148, that requires the installation of smoke detectors in every home that is sold in Massachusetts after January 1, 1982. It is the duty of the Fire Chief to issue the proper permits.

From January 1 to December 31, 1982, a total of 75 homes were inspected and the proper permits issued.

From January 1 to December 31, 1982, the department responded to 212 calls as follows:

- 8 false alarms
- 14 car fires
- 40 assistance calls
- 12 chimney fires
- 12 mutual aid calls
- 25 smoke investigations
- 8 stove fires (kitchen)
- 5 stove fires (wood)
- 10 building fires (house)
- 3 building fires (garage)
- 5 fire alarm systems
- 5 burning wires (Edison)
- 7 gas washdowns
- 1 disposal area
- 5 oil burners
- 1 saturator (GAF)
- 4 dumpsters

13 woods
9 gas leaks
6 grass
10 motor vehicles accidents
5 electrical
1 missing person
1 tractor fire

The department had eleven company practices during the year. Inspections of schools, rest homes, and hotels were also done on a regular basis.

Mutual aid help was given to the Millis Fire Department from the Towns of Medway, Medfield, Norfolk, and Sherborn. Their help was greatly appreciated.

I would like to thank the Board of Selectmen, the Police Department, fire and police dispatchers, and the citizens of Millis for their help and cooperation.

Special thanks should be given to the D.P.W. Commissioners and D.P.W. Superintendent Robert Leslie for their cooperation in helping me perform my duties as Fire Chief during my working hours with the D.P.W. I receive a great many calls during the day, and without the help of Janet Collins and her assistant, Susan McKenney, this would not be possible.

Respectfully submitted,

Robert A. Volpicelli
FIRE CHIEF

IN MEMORIAM

Charles A. Lipsett

1908 - 1982

Charles Lipsett was a resident of Millis fifty-five years. He served the Town as Fire Chief during World War II. He was a member of the Board of Fire Engineers from 1938 - 1944 and was Forest Warden in 1943 and 1944.

REPORT OF THE BOARD OF HEALTH

Submitted herewith is the annual report of the Board of Health for the year ending December 31, 1982.

In accordance with Chapter III, Section 27 of the General Laws, the board reorganized at a meeting on May 5, 1982. Elected were Chairman, Joanne M. Ganley, R.N.; Clerk, Margaret J. Clark; and third member, Joshua Mael.

The regular meetings were set for the first and third Wednesday of the month at 7:00 p.m. at Niagara Hall.

PERMITS AND LICENSES ISSUED BY BOARD OF HEALTH

Food Service establishment	17
Retail	6
Non-profit organization, no charge	16
Vendor	1
Transport and dispose offal	7
Swimming pool, public	1
Swimming pools, private	7
Disposal works installer's permits	11
Well permits	3
Funeral director	1
Septic systems	
New installations	16
Modification of existing facilities	15
Percolation and deep holes	35
Hypodermic needle and syringe	1

There were 24 dog bites reported.

COMMUNICABLE DISEASES

The following communicable diseases were reported to the Board of Health during 1982:

Chicken Pox	22
Strep throat	24
Salmonella	2

MILK INSPECTOR

During the past year Philip Gavin, milk inspector, reported all milk distributed throughout the Town of Millis has been examined and tested by the Department of Public Health and found to conform to their minimum standards.

The following permits were issued and money for same turned over to the town treasurer:

4	Oleomargarine permits	@	\$.50	\$ 2.00
22	Milk permits	@	\$ 2.00	\$ 44.00
				<u>\$ 46.00</u>

PLUMBING & GAS INSPECTOR

Thomas C. Frasca, plumbing and gas inspector, reports 472 plumbing permits and 298 gas permits were issued during the year, 1982.

The total permit fees collected was as follows:

Plumbing permit fees	\$ 1,858.50
Gas permit fees	732.50
	<u>\$ 2,591.00</u>

Mr. Frasca wishes to express appreciation and many thanks to Shirley Rowley, Rose Robinson and Henry McCarthy, assistant plumbing and gas inspector, for his assistance during 1982.

BOARD OF HEALTH AGENTS

For the year, 1982, there were several miscellaneous complaints received and appropriate action taken where necessary. All complaints are logged at the Board of Health Office and investigated by board members whether reported in writing, by telephone, anonymously or identified.

Sixteen new septic system installation inspections were made plus fifteen inspections for modifications of existing facilities. Some of these required re-inspections.

All food service establishments were inspected twice during the last year. Some of these required a warning and a re-inspection.

The board has been actively involved in investigating complaints with regard to the G.A.F. Corporation located on Union Street, Millis. Members are working with the Massachusetts Department of Environmental Quality Engineering in the study and resolution of problems associated with the operation of the Millis facility. The long-standing problems emanating from G.A.F. are being resolved slowly by a cooperative effort of many private, local and state agencies. It is hoped that current efforts, though difficult and time-consuming for a parttime, unsophisticated board, will provide the desired results expected by all townspeople.

Receipts sent to the town treasurer from the Board of Health totaled \$4,329.50.

PUBLIC HEALTH NURSE

Claire Fitzgerald, R.N., reports services provided during her first full year as Public Health Nurse. In order to fulfill the needs of the townspeople, Mrs. Fitzgerald has attended several seminars.

Blood pressure clinics are held on the first Friday of each month at

Kennedy Terrace. During this time counseling is given regarding disease detection, medication and diet. Immunization clinics against childhood diseases were held in April and May with 75 clients attending. Influenza clinics were well attended in October with 175 people being immunized.

Follow-up of hospital referrals on newborns and premature infants were made as well as investigation and follow-up of all persons with communicable diseases and their contacts.

Lead testing is done by appointment on pre-school children.

Available at the Board of Health Office is a medical loan closet. This equipment is available for loan to townspeople without charge on a short-term basis.

Mrs. Fitzgerald wishes to thank everyone who helped her with the various clinics throughout the year. Without the cooperation of these volunteers, it would have been impossible to continue holding these clinics.

MILLIS BOARD OF HEALTH

Joanne M. Ganley, R.N., Chairman
Margaret J. Clark, Clerk
Joshua Mael, third member

REPORT OF HISTORICAL COMMISSION

The Historical Commission this past year has been working with the Ellice School Preservation Committee. We participated with some fund raisings with the Historical Society and Friends of the Ellice School.

This coming spring some clearing of the area of the school's site will be started by some town volunteers. We are hoping that other groups, scouts, clubs, etc. will come forth to aid us also.

We are also setting down rough drafts for our projects for the coming Centennial.

Work is also being down on updating our town's history book.

The Commission meets on the third Tuesday of the month from September through May. We welcome anyone who may be interested in helping us with conserving of town history to join us.

Respectfully submitted,

Jacqueline Graci
CHAIRMAN

REPORT OF THE MILLIS HOUSING AUTHORITY

The Millis Housing Authority Board of Commissioners meet on the first Wednesday of the month at 7:30 p.m. in the Recreation Hall at Kennedy Terrace to report on the activities of the Authority and to set new policy. The Authority continues to maintain full occupancy and a long waiting list of applicants for its seventy-three unit complex of elderly housing.

In 1982, the Board welcomed its new member, Mrs. Mary Welch, who was elected to finish out the unexpired term of Mr. Joseph Cassidy.

In July we were all deeply saddened by the death of our Executive Director, Ann E. Latosek. Mrs. Latosek had been the Director of the Authority since 1977 and contributed much to its successful operation during that period of time. She will be sincerely missed.

Mrs. Joanne M. Taylor was appointed the Executive Director in September and she is very enthusiastic about her new position.

A special thank you to Mr. Robert Healy for his continued efforts in maintaining the property and particularly for his additional assistance in the interim period between directors.

We gratefully acknowledge the many Town departments and local associations who contribute so greatly to our efforts to provide safe and comfortable

housing for our senior citizens. We would like to give special thanks to the Police Department, the Fire Department and the Department of Public Works for their assistance and constant support throughout the year.

Respectfully submitted,

Vincent J. Howley
CHAIRMAN

REPORT OF THE INDUSTRIAL DEVELOPMENT COMMISSION

In 1982 the Industrial Development Commission (IDC) was resurrected and officers and members elected (Bernie Lewis, Chairman, Sam Howie, Vice Chairman, John Flaherty, Clerk, also, Tom Murphy and Paul McMahon). The primary purpose of the IDC is to assist and promote the commercial development of the Town. The IDC has a current inventory of all the commercial and industrially zoned property showing the owners of record as well as a map highlighting these areas. Hand-in-hand with promoting business, the Commission hopes to increase the number of new jobs in the town, to improve the standard of living of the citizens of Millis.

The IDC held regularly scheduled meetings bi-monthly at Niagara Hall to discuss the commercial and industrial climate in Millis. The Commission drafted a marketing pamphlet explaining such things as: the type of town Millis is, incentives for business and industry, modes of transportation, the school system, etc. This pamphlet has been distributed to area businesses as well as real estate brokers and agents. Copies are available on request from the Town Hall.

Several prospective businesses have shown interest in locating in Millis, their inquiries have been addressed. Ann & Hope purchased the Cott Beverage building on Route 109 with a MIFA bond, hoping to create approximately 50-75 jobs.

The IDC is composed of experienced businessmen who can assist you with your questions concerning site selection, finance, marketing, etc. For more information, please call one of the IDC members.

Future meetings will be the first Monday of the month at Niagara Hall.

Respectfully submitted,

Bernard Lewis, Chairman

REPORT OF THE INDUSTRIAL DEVELOPMENT FINANCE AUTHORITY

Your Industrial Development Finance Authority had several meetings with various groups during 1982. The main accomplishment was the approval and signing of a loan agreement for four million dollars of Industrial Revenue Bonds with the C & A Realty Trust and Ann and Hope, Inc. This corporation was successful in purchasing the former Cott Bottling Corporation's property located on Main Street and plans to use the facilities for a warehouse to serve their retail stores. The Industrial Revenue Bonds have been issued in conjunction with the Commonwealth of Massachusetts and the Town of Millis.

Your committee was pleased to be a part of this successful endeavor and we hope that there will be other business enterprises that will consider coming to our Town. The help extended by Town Officials was greatly appreciated.

Respectfully submitted,

George Cassidy, Chairman
Richard Young, Secretary
George Coulter
William Curley
John Roddy

REPORT OF THE ANIMAL INSPECTOR

The following bites were reported for the year 1982.

24 dog bites

The annual animal census and barn inspection were completed as directed by the Massachusetts Division of Animal Health. The census for 1982 is as follows:

Cattle	142
Horses	119
Sheep	148
Swine	126
Goats	17

Respectfully submitted,

Joshua Mael
Animal Inspector

REPORT OF THE BUILDING INSPECTOR

Two hundred and twenty-five building permits were issued for all categories of construction during 1982. Total estimate of construction was \$5,186,585. Of this amount, \$1,569,000 was for new construction. Fees collected amounted to \$8,018.00.

Permits issued:

Single dwellings	13
Condominium units	31
Alterations	47
Additions	49
Wood stoves	40
Swimming pools	7
Signs	13
Barns, garages & storage buildings	12
Solar panels	8
Miscellaneous	5

It should be noted that building permits are required for all types of construction and home improvements and failure to obtain a building permit before construction begins will result in a fine of a double permit fee.

I would like to express my appreciation to Edward Kerwin Jr., alternate building inspector, Jackie Anderson, Rose Robinson, and Brenda Whelan, all of whom have assisted me.

Respectfully submitted,

William F. Whelan
Building Inspector

REPORT OF THE WIRE INSPECTOR

Hear Ye! Hear Ye! May I present to you
Board most worthy. My report of Eighty-two
Wouldst join my stylish singing
In tidings I'm a bringing
Then just repeat
To tune and beat
Of "Bicycle Built for Two"

"He's flipped his lid" Say you three.
May. A milestone, as an "appointee"
Fifteen years, my how they've flown
Serving Millis while the Town has grown
No wonder I resort to song
To celebrate cannot be wrong.

Now back to basics - (forget retrospect)
 The facts and figures on what we inspect.
 367 permits helped us arrive
 At thirty-seven hundred and ninety-five
 Dollars of revenue, this office collected
 The highest ever, and must be respected.
 Seven hundred and forty-six inspections
 Culling out all imperfections
 How many hours getting this done?
 We counted five hundred and seventy-one.
 Recorded mileage (Note: without rebate).
 Twenty-three hundred and ninety-eight.
 The following statistics I do not rhyme.
 I never have. Saving space and time.

Service Related	75
New Dwellings	10
Condo Units	20
Renovations	81
Additions/Alterations	52
Commercial	33
Industrial (Annual)	4
Smoke Detectors	30
Municipal	9
Oil Burners	10
Fire Damage Repairs	10
Homeowners	7
Swimming Pools	7
Miscellaneous	19
TOTAL	367

Thank ye! Thank ye! To my most able crew
 Rosie, Jackie, Roma and Teddy too!
 Your most efficient carriage
 Of tasks. None can disparage
 I must repeat
 A class elite
 A privilege to work with you.

Now to close, with a bottom line
 Reserved, with love, for my wife Quine.

Respectfully submitted,

Tauno O. Aalto, Sr.
 WIRE INSPECTOR

REPORT OF THE JRTC REPRESENTATIVE

The Joint Regional Transportation Committee (JRTC) is responsible for advising the Metropolitan Planning Organization on transportation planning issues for the Boston area. The JRTC is made up of 58 members representing public agencies, cities and towns, and private non-profit organizations. The Committee meets once a month to consider pending transportation issues and to develop consensus on current projects and programs. Recent issues have included: The Red Line Extension; the Third Harbor Crossing; Interstate Transfer; and Air Rights over Route 128 Railroad Station.

Respectfully submitted,

D. E. D'Eramo

REPORT OF THE LIBRARY TRUSTEES

During the past year, the Librarian-in-charge, backed by the Trustees and urged on by the ladies of the Oak Tree League, has made a determined effort to restore a satisfactory level of library service to the town despite budget restrictions under "Prop 2-1/2".

This effort has been largely successful but not without regrettable hurt to some individuals. Two of our long-time and valued staff members felt harrassed by pressure to change familiar routines and take on some new responsibilities, and they resigned or retired.

It has been possible, working within our budget, to fill these positions in a way to spread the work load and accomplish our objectives, but the Trustees are sorry indeed, that this had to come about in a way not equally satisfactory to all concerned.

The problems connected with fixing the leaky roof continue to plague us. We have had more than one acceptable proposal from professional roofers for doing the job including estimates within the appropriation made at the 1982 Town Meeting. "Catch 22", of course, is that detailed specifications must be prepared and the job put out to bid. Those who have made proposals would like to do the job. They are naturally unwilling--in fact, it would be improper, for any one of them--to expend the considerable time and effort to draw specifications and then enter competitive bidding on them.

The Trustees, at the present writing, are following up a lead on an experienced, "third party" engineering designer of roofs, who might undertake to draw the specifications on a separate, fee basis, the fee to be paid out of the Trustees' Fund.

The Trustees' Fund received payments totalling \$1,749.44 from the Griswold Trust since our last report and has earned interest of \$503.53 during 1982. As of December 31, 1982, the total stood at \$10,766.90. The Sibbel Purdy Memorial Fund received interest of \$42.88 in 1982 and totalled \$801.66 at December 31.

The Trustees wish to thank our new staff members for their special cooperative efforts in quickly learning our routines and assuming almost immediate responsibility for covering desk hours with competence and good cheer toward our public.

For the Trustees
Respectfully submitted,

Robert M. Morse
Chairman, Board of Library Trustees

REPORT OF LIBRARIAN

The familiar cliché about good news and bad news characterizes this report for 1982. The bad news is a noticeable decline in circulation which is attributable to several reasons, with a 4,000 book decline occurring in the last four months of the year.

The good news is that four new part-time staff members were hired in October 1982 who bring us a variety of desirable qualifications any library would benefit from. These include education, personality, youth, vigor, dedication, flexibility, experience and a general cooperative attitude which will help us to meet goals expressed as needs by influential voices in our community.

One need was that we offer a regular pre-school story hour. This was made possible by assigning it to new staff member Mrs. Mary Chute, of Franklin, the mother of 4 and 6 year old children. Mrs. Chute offered a Bachelor's degree from the University of Michigan, and a Master's degree from Boston University in Art History, plus a variety of superior personal qualifications we are all enjoying very much.

Another often expressed need was greater "communication" with the schools, now more possible by the hiring of Mrs. Sylvia Riley of Millis, who formerly was a teacher in the Medway schools. Mrs. Riley has a Bachelor's degree in Education plus graduate courses in reading. Her former work in bringing children and books together in a remedial setting makes her a most desirable Children's Librarian, to handle the new outside required reading program which now exists for the Millis Middle School. Mrs. Riley has also added some delightful decorations in our Children's area which we are all enjoying, as we hope our public does.

Mrs. Constance Jordan of Millis, was hired as an informal "office manager" to coordinate our behind the scenes work. Mrs. Jordan's library experience included 7 years in the Somerville Public Library as Assistant to the Director, plus 200 hours of volunteer service in the Millis Public Library in 1982, prior to hiring. As a fairly long-time resident of Millis and mother of an active family, Mrs. Jordan helps us in relating to the community with her wonderful common sense views on everything. We are happy to have her on our staff.

Mrs. Shirley DiCenzo of Millis, was hired as Children's Assistant and conducts the two weekly story hours for children of Grades K-2. Mrs. DiCenzo had library experience as a volunteer in the Clyde Brown School Library which she helped to organize. She is also very active in the community, in Girl Scouts leadership, and other town activities. I have the feeling that everyone in town who wants a good job done knows that if Shirley is asked, she will try to do it, as a volunteer. She works very hard for us, too.

All hiring of new employees was done within the library employees' budget approved at May 1982 Annual Town Meeting and within the requirements of the town approved Personnel Plan.

We wish to thank all residents for book donations, particularly Mr. Peter Solomon, former Herman Shoe president, who donated a large collection of part of his personal library.

A very special "thank you" goes to Mrs. Mary Alessi for her very well-developed and intelligent Summer Reading Program Plan which we hope she will continue in future years. As a Master's degree (Reading) student Mrs. Alessi brought an infectious enthusiasm about current children's books to the program which none of us could match. Over 100 children participated in the program. This kind of successful voluntarism represents the very best way that citizens of a community can make a positive contribution to our work and efforts.

REPORT OF THE MAPC REPRESENTATIVE

The Metropolitan Area Planning Council (MAPC) consists of 101 communities containing more than half of the population of the state. The full council meets periodically. The Executive Board meets regularly. The council membership participates through several Technical Advisory Committees.

This past year, I have been involved in the Transportation Technical Advisory Committee. Our committee reviews the many transportation issues that arise during the year. Two major items annually before our committee are the Community Assistance Projects and the Transportation Improvement Plan (TIP). Through the community assistance program "A manual of Transportation Programs for local officials" is being prepared. The TIP includes transportation projects that are eligible for federal funds. Millis projects on the TIP include: Reconstruction of Route 109, construction of the Forest Road Bridge over the Charles River and safety improvements at 8 intersections. Currently, we are reviewing the Draft Environmental Impact Statement for a Third Harbor Crossing.

I intend to continue to serve the best interests of the Town.

Respectfully,

D. E. D'Eramo

REPORT OF THE M.B.T.A. ADVISORY BOARD DESIGNEE

The M.B.T.A. Advisory Board at their last meeting held on November 11, 1982 approved a Calendar Year 1983 operating budget of \$367,375,356. The Authority had originally requested additional funds to operate through June 30, 1984 in order to comply with Section 17 of Chapter 581 of the Acts of 1980 which requires the Authority to operate on a fiscal year cycle commencing July 1, 1983, however, General Manager James O'Leary intends to request the Legislature to defer implementation of this change.

I would like to state as your designee to the Advisory Board that I have been very impressed with the business like approach employed by the present General Manager James O'Leary in dealing with the day to day operating problems of the system. There is no question that he has inherited a very difficult task which has been further compounded by many years of inefficient management and numerous labor problems.

In closing I would like to once again point out the availability of the excellent commuter rail service which is available six (6) days per week from Norfolk to Boston. As a result of significant improvements which have been made to the roadbed the trip to Boston can be made in just under forty minutes.

Respectfully submitted,

Eugene D. Smith

M.B.T.A. Advisory Board Designee

REPORT OF MILLIS MEMORIAL DAY COMMITTEE

The 1982 Memorial Services were held on Sunday and Monday, May 30th and 31st under the auspices of the Millis American Legion Post #208 and the Millis AmVets Post #495.

On Friday evening, May 28th, a contingent from the two Posts went to Prospect Hill Cemetery to decorate the graves of veterans of all wars.

Memorial Sunday was observed on May 30th with services at St. Paul's Episcopal Church at 10:00 A.M. with members from Millis Post #208 and AmVets Post #495 in attendance. The services were conducted by guest preacher, the Reverend Sandra Boyd.

Memorial Day exercises were held on Monday, May 31st, beginning with the decoration of our Memorial Squares at 8:00 A.M. with a combined group of Legionnaires and AmVets participating. The Millis Memorial Squares are: Buddy Kearney Memorial, Pollard Memorial Drive, Raymond J. Curry Memorial Square and Harry Himelfarb Memorial Square.

This year there were a few slight changes in the formation and parade route. It was the idea and hope of the committee that the closeness to both St. Thomas' and the Church of Christ's parking lots for the forming and dismissing of parade units would be a distinct advantage to all concerned. We also felt that the changed parade route would eliminate some distance and retracing of steps that has been done in the past years, and also the time that traffic is held up on Main Street during the parade would be lessened.

The parade assembled at 9:15 A.M. and started at 9:30 a.m. from Curve Street between the intersection of Exchange Street and St. Thomas' Church parking lot. It proceeded to Prospect Hill Cemetery where a brief service was held at the Veterans Lot there consisting of a band selection by the Millis High Sr. Marching Band, a prayer by the Reverend James C. Sleeper of the Church of Christ, the placing of the wreath by Edwin E. Waite, Commander, American Legion Post #208 and then the Salute to the Dead with Taps.

The Parade proceeded to the Korean/Vietnam War Memorial for services beginning with a band selection. The reading of General Logan's Orders was done by Mark Kravitz, one of our High School speakers. A prayer was given by Rev. Joanne B. Sleeper of the Church of Christ, and then Vice-Chairman of the Board of Selectmen, Hindy Rosenfeld was introduced for appropriate remarks and the presentation of a flag to the Town of Millis to be flown at the Korean/Vietnam Memorial. The placing of the two wreaths was done by Selectman Leonard J. Bateman and Town Moderator John Dugan, in the absence of Selectman Collins O'Connor. The salute to the Dead and Taps followed and then a band selection by the Millis High School Marching Band.

The parade units reassembled and proceeded to the World War II Memorial on Main Street. Services there consisted of a band selection, the recitation of the Gettysburg Address by High School speaker, Robert Zonfrelli, the Necrology was read with bell response. (This is a list of the deceased veterans of the Town of Millis since last Memorial Day, 1981). A prayer was given by Rev. Francis W. Beksha of St. Thomas the Apostle Church; the wreath

was placed by Selectman Hindy Rosenfeld, the Salute to the Dead was issued, then Taps, and ending with a selection by the band.

The parade then proceeded to War Memorial Square at Exchange and Curve Streets where the main ceremonies were held.

These services began with a selection by the Millis Senior High Marching Band under the direction of Anthony Hyde. Welcoming remarks were given by Edwin E. Waite, Chairman Millis Memorial Day Committee. The invocation was given by Rev. James C. Sleeper of the Church of Christ. The very inspiring poem "In Flanders Field" was given by our third High School speaker and Girls' State Delegate, Nina Nobrega. At this time Commander of Post #208, Edwin Waite, introduced our guest speaker, Rev. Joanne B. Sleeper, Co-pastor of the Church of Christ, to bring to us our Memorial Day address.

Then came the placing of the wreath at the War Memorial Stone by Dr. Jacob J. Zalvan, Honorary Commander of Millis American Legion Post #208. The call was given to Salute the Dead followed by Taps.

Concluding the Memorial Day ceremonies was the playing of our National Anthem by the Millis High School Band and then the dismissal of the parade.

The Memorial Day Committee wishes to thank all who participated in these Memorial Day services. Especially do we appreciate the parents who have encouraged their children to be a part of this special occasion and who with themselves have helped make these exercises a meaningful success.

We are indeed indebted to the Millis High School Bands for the music and Taps, the Millis Police, Fire, and Public Works Departments, the three high school speakers, the Millis Town Selectmen, the Town Moderator and our local Clergy.

My personal thanks to those members of the Committee who carried out their assignments diligently and successfully before and during the Memorial Day ceremonies and to those not on the Committee who gave so generously of their time and talents.

Respectfully submitted,

Edwin E. Waite, Chairman
Millis Memorial Day Committee

REPORT OF TOWN MODERATOR

As has been the case in the past few years, the Annual Town Meeting was well attended this year. Perhaps because people are more conscious of the impact of Town Meeting action upon their tax rate. Proposition 2-1/2 has limited the framework within which the budget must be handled and most voters seem to appreciate that the various departments have made the effort to work fairly with each other in the budget process.

I want to take this opportunity to give a special thanks to the members of the Finance and Personnel Committees who each year work long hours without compensation and without appreciation for the comprehensive job which they must perform. We are constantly looking for able people who are willing to serve on these committees and urge anyone with an interest in community affairs to submit their names to the Town Offices for appointment to these positions.

As we approach our Town Centennial it is hoped that more people in our community will take part in various activities within the Town so that Millis can continue to develop and grow as a good place for people to work and live.

Respectfully submitted,

John G. Dugan
Town Moderator

REPORT OF THE NORFOLK COUNTY MOSQUITO CONTROL PROJECT

The Operational Project Program integrates all proven technologies into a system of mosquito control that is rational, safe, effective and economically feasible.

All mosquito eggs need water to hatch and to sustain larval growth.

Source Reduction Work: Our primary efforts are concentrated on the draining of shallow, standing, stagnant water and the maintenance of existing flow systems which contribute to mosquito breeding sources.

Drainage ditches cleaned	4,864 feet
Brush obstructing drainage cut	1,734 feet
Culverts cleaned and opened	10 count

Larviciding: Treatment of mosquito larvae during aquatic development is the next most effective control effort.

Aerial applied larvicide	1,675 acres
Larvicide by backpack and mistblowers	161.5 acres

Adulticiding: The suppression of flying adult mosquitos becomes necessary when they are numerous, annoying or threatening to residents.

Adulticide mistblowing from trucks	214.5 acres
Adulticide U.L.V. from trucks	22,528 acres
Catch basin application. Adulticide and larvicide	235 count

Surveys, inspections and monitoring in support of our programs include locating and mapping breeding areas, larval and adult collections and fieldwork evaluations leading to better drainage.

The project received 42 calls from residents for information and assistance.

Respectfully submitted,

Albert W. Heuser
Superintendent

REPORT OF THE PLANNING BOARD

During the year 1982 the Millis Planning Board held thirty meetings and four public hearings. Six approval not required plans were reviewed and endorsed by the Board.

The Board denied the Special Permit request of McDonald Corporation to locate an outdoor recreation area in front of the existing building at 808 Main Street.

The Board approved the scenic road alterations to Forest Road. The alterations will allow rebuilding the upper bridge over the Charles River.

The Board proposed six zoning changes which were adopted at the Annual Town Meeting.

Respectfully submitted,

Alfred A. Tolley, Jr.
CHAIRMAN

REPORT OF THE POLICE DEPARTMENT

The police department in 1982 was its usual active self. This past year education of children and their parents has been a high priority. Officer Albert Baima who acts as safety officer has been in the schools constantly dealing with safety in the home, on the highway, etc. Officer Baima is unquestionably the best at what he does. He has been assisted capably by Detective William Carlson who has given drug abuse lectures to both youngsters and local adult groups.

The police department applauds the effort of the Millis Alcohol and Drug Abuse Committee. These people have banded together in an honest effort to better our community. I am sure the citizens of Millis are aware of the seriousness of the problem of teenagers drinking and driving resulting in many serious accidents throughout the Commonwealth. The slaughter will continue unless more people get involved in the education of the dangers of drug and alcohol abuse.

I would like to take this opportunity to thank all the town boards who have assisted us in the past year and especially the townspeople who have cooperated with us in a joint effort in making Millis a safer and finer place to reside.

Respectfully submitted,

George J. Smith, Jr.
Police Chief

Total photos taken with 4 x 5 camera (B & W)	90
Total photos taken with 35 MM camera (B & W)	92
Total photos taken with 35 MM camera (C)	60
Total of 8 x 10 prints (B & W)	162
Total of 11 x 14 prints (B & W)	18
Total of 5 x 7 and 4 x 5 prints (B & W)	25

As in the past Polaroid Film was purchased and used in booking procedures where one or two photos would suffice.

Included in above totals were 6 photos and prints for Holliston Police.

8 photos and prints for Millis Fire Department with 4 x 5 camera and 8 x 10 prints.

Color photos taken with 25 MM Camera were sent out for processing and printing. Color was used only when necessary and when various incidents necessitated its use.

A wide angle lense was purchased in October this year for the 35 MM Camera. I would now consider it a complete kit. Two sets of batteries were purchased as was film for both cameras. All dark room equipment and cameras are in excellent condition. No additional expense anticipated for the coming year other than maintenance.

Mutual aid runs to:	Medway	6
	Medfield	4
	Sherborn	3

In October, 1982, we took delivery of our new ambulance, which was badly needed to replace the old problem-ridden and undependable vehicle.

Three pointers worthy of note:

1. Having oversize house numbers can make a crucial difference in an emergency.
2. When summoning emergency personnel, try to turn on a porch light or send someone out to direct those responding to the call.
3. When calling the 911 emergency number, do not hang up the phone until after the dispatcher does. (Just in case you do not provide all the information needed or there is some further information to be given to you.)

Countrywide, the municipal ambulance service is becoming known as the "third service." Few are the communities who have one public safety leader who has a love and affinity for all three (police, fire and ambulance) as did Police Chief George J. Smith Jr. In this respect, too, he was a man ahead of his time. He will be much missed by us and will leave a great void in these three services.

Respectfully submitted,

H. Robert Yeager
DIRECTOR, MILLIS AMBULANCE

REPORT OF THE POLICE AND FIRE STATION BUILDING COMMITTEE

In June, 1982, a settlement was reached in litigation between the town and the station contractor. The compromise settlement enabled the committee to finish work on the building.

During the fall, numerous items were awarded and completed, such as new lockers, reworked plumbing with new circulator pumps, downspouts and grates on the downstairs windows. It is anticipated that the remaining tasks will be completed by June.

The Committee, as well as the town, suffered a great loss with the death of Chief Smith. It was his vision and dream which has guided and directed the Committee since 1977. We have lost a good friend.

Respectfully submitted,

Roger Hood, Chairman

IN MEMORIAM

Charles M. Cushman, Jr.

1922 - 1982

Mr. Cushman was a lifelong resident of Millis. He served on the Board of Water Commissioners for several years prior to working for the Water Department. He was appointed Superintendent of the Millis Department of Public Works in 1977, a position he held until his retirement in 1979.

REPORT OF THE MILLIS BOARD OF PUBLIC WORKS

The Millis Board of Public Works reorganized on May 5th, 1982 as follows: Mr. George DeAngelis was voted Chairman, Mr. Robert M. Hagearty, Clerk and Mr. Edward J. Cronin, Third Member.

The calendar year 1982 saw the Department of Public Works' Personnel putting forth a one hundred percent plus effort in order to cope with the restrictions and/or impact necessitated by the level funding mandate of Proposition 2-1/2. Due to the inflated dollar, budgetary cuts and reduced staffing, citizens have realized a reduction of services, supplied by the Department of Public Works, in various areas. Superintendent Robert Leslie has tried to accommodate requests from residents and implement the normal routine duties required of the Department of Public Works, by placing same on a priority basis. We commend Superintendent Leslie, his men and administrative staff for putting forth a fruitful year under adverse conditions.

In addition to the routine duties of our Department and Board (which encompasses highway, water, sewer, cemetery, park, tree, insect pest control and sanitary landfill) and the assistance rendered to various town departments and committees the following items should be noted:

1. The new soccer field, located behind the Mobil Station on Route 109, was completed by town forces and has lent itself advantageously to the needs of the community.
2. Department of Public Works' employees assisted the Recreation Department with the establishment/construction of the Life Course located on Village Street and have periodically maintained same throughout the year.
3. Tree Care Program - In April 1982, seedlings purchased from the Middlesex Conservation District and the Norfolk County Agricultural School, at a minimum cost to the town, were planted at the town nursery, same being funded by the Tree Care Program article passed at the 82-83 annual town meeting. Several trees were removed and trimmed at various locations throughout town. Also through the efforts of this program removed dead or diseased trees were replaced with nursery stock.
4. In keeping with our ongoing program, main sewer trunk lines were flushed at all the Millis Schools, VanKleeck Road, Pollard Drive, Exchange Street, Winter Street and Cottage Avenue during the month of June 1982.

The above mentioned program was implemented to prevent sewer line blockages and eliminate sluggish waste water flow.

5. On an unanimous vote of the Board of Public Works a new Water Fee Schedule was adopted by the Board which became effective July 21, 1982.

Enforcement of these new updated fees was necessitated by lack of revenue, which is required to operate Millis' selfsupporting water department cost effectively. The loss of Cott Corporation and a

decrease in production by G.A.F. Corporation has resulted in depreciable water usage, thus less revenue received.

6. On an unanimous vote of the Board of Public Works a new Sewer Fee Schedule was adopted by the Board which became effective July 21, 1982.

Establishment of these new fees was implemented in order to bring service charges up to current standards.

7. Town forces completed construction of the athletic field which is located behind the town library on Auburn Road with the exception of additional loaming and seeding which will be implemented in the Spring of 1983.
8. The following areas were sealed and leveled to preserve the life of the roadway by preventing erosion: Clark road, Woodlawn Drive, Grove Street, Acorn Street, Daniel Street, Irving Street and a portion of Curve Street, Village Street, Winter Street, Exchange Street, Ridge Street, Main Street and Pleasant Street. This item was funded by state monies and the work completed by town forces and contract labor.
9. Implementation and completion of a drainage project on Rosenfeld Road, by town forces - this item was funded by monies obtained from the previously passed drainage article.
10. Guardrail installation was completed at the following locations throughout town: Norfolk Road and Baltimore Street; the Pleasant Street Bridge area; the Myrtle Street Bridge area; Village Street near the intersection of Village Street and Norfolk Road; Farm Street behind the Millis post office; and Middlesex Street by Bogastow Brook.

The above mentioned construction was funded by state monies obtained from the ongoing Board of Public Works' program designated to improve public safety. This contract was completed by Pavao Construction Company of Fall River, Ma., which received the \$120,000 contract award from the Massachusetts Department of Public Works.

At this writing the execution of future improvement projects (reconstruction of hazardous intersection locations throughout town) is hopeful but dependent on positive town meeting action in order to secure additional state or federal construction funds.

11. The engineering design of an interceptor sewer and pumping station to transport flow from the town's existing sewerage system to the proposed Black Swamp Interceptor and the Charles River Pollution Control District Plant in Medway, Ma., as shown and described in the Report "Report for the Town of Millis, Ma. on the Facility Plan for Wastewater Treatment Facility dated October 1981" is in the final stage prior to completion. The first draft of construction specifications and plans have been completed and are being reviewed prior to submittal to the applicable state and federal agencies.

At this writing, it is the hope of this Board and our consultant, Anderson-Nichols Co., Inc. of Boston, Ma., that actual construction will commence in the Fall of 1983.

12. The recycling of glass, metal, light metal and paper continues at the town's sanitary landfill, and we urge more residents to participate in this operation, for by doing so the life expectancy of the landfill area can be increased.
A new landfill permit program was adopted by the Board of Public Works in December of 1982. Hopefully, 1983 will bear the fruits of this program, by eliminating, through stricter control methods, the utilization of the area by non-residents.
13. Expansion of Prospect Hill Cemetery - At this writing, bounds have been established at the designated sites which will allow for tree removal and grading of applicable areas by town forces. The before mentioned being funded by monies received by the passing of Article 28 82-83 Annual Town Meeting.
14. On July 21, 1982, Mr. Robert Leslie, Superintendent of the Millis Department of Public Works, was appointed, on an unanimous vote of the Board, to the position of Water and Sewer Registrar.
In keeping with the budget restrictions of Proposition 2-1/2, Mr. Leslie accepted this position without additional compensation, allowing the Board of Public Works to decrease the 1982-83 Water and Sewer Budget by \$1,922.00
Housing the Water and Sewer Registrar position at the Board of Public Works' office has created a more flexible and efficient means of operation relative to water and sewer billing procedures.
15. Through the efforts of the Board of Public Works and its administrative staff, grant offers were obtained under amended Chapter 805 Acts of 1979 as follows: for Leak Detection and Testing - \$12,500.00 and for System Rehabilitative Assistance \$318,250.00.
The realization of the before mentioned monies will allow further improvements to be implemented to the town's water distribution system. During the calendar year 1982, the annual pumpage figure for our three town water wells was recorded at 240,480,180 gallons.
We again urge all citizens to make the conservation of water one of primary importance in their homes and business.

We, as a Board, would like to take this opportunity to express and extend our appreciation and gratitude to Superintendent Robert Leslie, General Foreman Edward LaCroix, the employees of the Department of Public Works, our Secretary and Administrative Clerk, Janet Collins, and Senior Clerk, Susan McKenney, for their outstanding work and constant support throughout the year. Our thanks and appreciation are also extended to the Board of Selectmen, Town Accountant, Town Counsel, Town Treasurer, other town boards, departments and committees, all citizens of Millis and our families, whose cooperation and help enable us to continue serving the community to the best of our ability.

Respectfully submitted,
George DeAngelis, Chairman
Robert M. Hagearty, Clerk
Edward J. Cronin

REPORT OF RECREATION DEPARTMENT

The year 1982 saw many active residents of Millis involved in Recreation programs. Interest in Recreation has continued to grow along with the Departments' program.

Several new programs introduced this year were a summer exercise to music program emphasizing dance aerobics, a delightful spring trip to the Boston Pops, a family trip to Disney on Ice, a weight training program, CPR course, men's league soccer competition at the Fourth of July celebration, girls gymnastics program, and spring golf for adults.

Millis residents can now brag about their very own "Lifecourse" which opened on June 12, 1982 at a grand opening ceremony. Our opening buzzed with excitement. We had approximately 100 guests who heard speeches, took home balloons, shook hands with Smokey the Bear, and learned more about how to use the Lifecourse through demonstrations conducted at each exercise station.

The Lifecourse is a very good workout combining jogging and stationary exercise. If you have not begun a routine program of exercise for yourself, this is the year to begin. The Millis Recreation Lifecourse is waiting for you beside 395 Village Street on conservation land.

The Millis Recreation Department wishes to thank the Selectmen, the Department of Public Works, the School Department, the Police and Fire Departments for their co-operation and assistance with our programs.

Following are facts and figures on Millis Recreation in 1982.

IN MEMORIAM

John P. McDonald

1900 - 1982

John McDonald served the Town of Millis by overseeing maintenance at Niagara Hall for many years. He held the position of Sealer of Weights and Measures from 1971 to 1982.

REPORT OF SEALER WEIGHTS AND MEASURES

I herewith submit my report for 1982. Total sealing fees collected for the year were \$135.00.

Respectfully submitted,

John F. McDonald
Sealer of Weights and Measures

REPORT OF THE MILLIS SCHOOL COMMITTEE

On the first and third Tuesday of each month a regularly scheduled meeting of the School Committee is held in the Middle School/High School Library.

The Office of the Superintendent of Schools which is located in the Middle School/High School building, is open from 7:45 a.m. to 3:45 p.m. daily exclusive of holidays and weekends. The telephone number is 376-2934.

The members of the School Committee met as a corporate body with the Superintendent of Schools, 29 times at scheduled meetings for the purpose of conducting school business. In addition, sub-committees met on more than 50 occasions on matters that pertained to negotiations, finances, policy or transportation.

At the Annual Election in May, Walter Alessi and Edna Neville were each elected to a three year term. John Henderson was selected by the High School student body to serve as the School Committee Student Representative, and the Millis Teachers Association re-appointed Dorothy Howley and Richard Keen to represent the group at School Committee meetings.

Following the Town election, the School Committee organized as follows: Walter A. Alessi, re-elected Chairperson; Robert Healy, re-elected Secretary; Joseph Arsenault, Associate Member; Daniel Mundy, Associate Member; Edna Neville, Associate Member.

The financing of the schools is the greatest challenge facing the members of the School Committee. The budget was reduced by 9% in FY'82 and level funded in FY'83. If level funding in FY'84 is a directive from the citizens, the quality of the educational programs may be seriously impaired. The Committee has addressed the issue of declining enrollment, and the staff has been reduced proportionately. Additional positions which were eliminated or reduced this year include one Administrator, 5-2/5 teaching positions, 5 advisory positions and 1 non-instructional position.

The schools have already felt the impact of reduced federal funded programs. Although all programs have been maintained, the entitlements have been reduced.

Committee members serving on sub-committees have been busily engaged in a number of objectives and activities. Among them are:

1. Contracts have been ratified with the following associations: teachers, custodians, bus drivers, health services and cafeteria personnel. Still under negotiations are contracts of administrators and secretaries.
2. School policies are continually being reviewed. When situations dictate, new policies after discussion are established. Newly established policies are: a user's fee, service of complaints, procedure for submitting agenda items, procedure for the investigation of lost and/or stolen equipment, evaluation of personnel, and criteria for the transportation of private school students.

3. A study of the existing facilities was conducted. The conclusion of the study was as follows: "After much discussion, it was decided that the Committee could not recommend the closing of a building at this time. If the enrollment figures continue to drop significantly, then these proposals would be reviewed and at that time action would be advisable."
4. The Transportation Committee continues to review issues that are brought before them. The Committee feels that this on-going committee has been a valuable source of research. Through their efforts, considerable savings have been realized.

In conjunction with the Selectmen, the School Committee has accomodated the Historical Society by allowing the storage of many valuable Millis artifacts in the Memorial School.

The Committee continues to review its goals and objectives and has expanded its list to include the following: to examine a new budget document, to study the position of Department Heads and Coordinators, to study curriculum development, to recognize the goals and objectives of the students, to begin an in-depth look at the Program of Studies, to study personnel needs early in the calendar year and to investigate the impact of personnel reductions on the school system.

A very active Drug and Alcohol Committee has received the support of the School Committee and has presented reports periodically. The members acknowledge that a cooperative working relationship with the community, the school, the churches and synagogue, and civic agencies is vital to the success and realization of goals of the Drug and Alcohol Committee.

A survey was undertaken recently to assess the attitude of secondary students and parents of school age children regarding a school calendar. The opinions and attitudes were varied and diversified.

After thrity-four years of devoted service to the Millis Public Schools, Mrs. Eleanor Kenney announced her retirement effective June, 1982. Mrs. Kenney served the system as a teacher of biology, math and as Department Head and Coordinator of Mathematics.

Also retiring, after years of faithful service are Emil Lenz, Sr., bus driver and Raymond Fontaine, custodian.

In conclusion, the School Committee gratefully acknowledges the cooperation of Town Officials. The members would be remiss if mention were not made of the untiring efforts and service of George Cassidy, retired Town Accountant. We especially extend our appreciation to Mr. Vellante and to all school staff members for their interest, concern, and dedication to the youth of the community.

Respectfully submitted,

Walter A. Alessi
Chairperson

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Herewith is presented my eighth annual report as Superintendent of Schools. It is the ninety-first report in a series of school reports which began in 1892.

A formidable task lies ahead of us. That task is to convince the public of the necessity to return funds to education before its quality is seriously impaired. The help of the community is solicited, because it is vital to the very future of a free and democratic society.

The cutbacks that the Millis Public Schools have experienced can no longer be endured. The federal government has reduced vital educational funds, the state has not provided monies for reducing or alleviating the tax burden of its citizens, and the Town has reduced and level funded the school budget. The inflationary rate and a continued demand for services find the school hard pressed to provide a service and quality education that the young people rightfully deserve.

This report appears to be negative in its presentations, but we must intensify our concern to make our schools more effective.

In my last report, it was noted that 23 positions had been eliminated. This year more positions and programs have been reduced and/or eliminated. For example, the art program in grades three through eight was reduced from two periods a week to one period a week. The foreign language program in the seventh grade was eliminated, albeit a literature course replaced the program. Teaching positions eliminated or reduced because of declining enrollment and/or for economic reasons were: one at grade 2, one at grade 6, one and 3/5 foreign language, one Middle School art, 4/5 High School economics, 1/5 High School mathematics, 1/5 High School science, 3/5 music, and one High School Assistant Principal. Also, psychological and counseling services were reduced.

For many of the above reasons which affect the quality of the education offered our young people, it was called to the attention of the School Committee that the issue of Regionalization of Millis Public Schools with another community is a matter that should be addressed once again.

A preliminary curriculum assessment was undertaken recently among the administrators and staff members concerning the need for curriculum and staff development. It is interesting to note that the focus of attention in curriculum development at the elementary and Middle School levels were directed at the basic skills, primarily math, language arts, spelling, social studies, handwriting, reading, and writing. The High School focused its attention on the need for computer/word processing/computer accounting and a renewed emphasis on an analysis of the English curriculum, especially in the areas of literature, critical writing, reading skills, vocabulary development, and study skills. The matter of computer assisted instruction is rapidly emerging as an educational process that must be addressed in the immediate future because of recent technological progress. Our students are becoming very knowledgeable in this field, and In-Service instruction for

staff members is essential if the staff is expected to keep pace with modern trends.

Space does not permit the listing of goals and objectives of all administrators and staff members, but mention should be made of some of the more pertinent goals. Among them is the concentrated effort to establish and strengthen parent advisory councils in all areas to encourage a partnership in a common goal - the education of our youth. There should be an emphasis on "study skills", an evaluation of the basal reading series, an analysis of the social studies curriculum, a plan to implement the listening skills minimum competency testing program, an investigation of the use of computers in the elementary school classrooms, an individualized language arts writing program at the elementary school level, and an effort to maintain and promote a positive and supportive school climate for the benefit of students, staff members, volunteers and parents.

Education continues to be a challenging facet of our society. The issue and controversies centering around education have been stimulating, exciting and motivating. Millis has not been without its incidents. Issues continue to be raised about expenditure of tax dollars, declining enrollment, contract negotiations, sex education, transportation, student achievement, grouping, cable t.v., special education, user's fees, kindergarten entrance age, regionalization, course requirements, class size, curriculum development, and graduation exercises. Parents and citizens need to understand and support the basic mission of the school. This can be done only through involvement. Citizen participation can effectively provide for an educational investment that is vital to the future of our society.

In conclusion, I would like to express my appreciation to the School Committee for its perseverance, understanding, and support of the educational programs in this year of financial constraint. I also wish to acknowledge the efforts of the staff, the town officials, the community agencies interested in the school system and the many volunteers who donated so many hours of their time to the schools. Without everyone's support, the successful operation of the schools would have been difficult.

Respectfully submitted,

William A. Vellante
Superintendent of Schools

REPORT OF THE PUPIL PERSONNEL SERVICES DIRECTOR

It is with pleasure that I submit my eighth annual report to the citizens of Millis which will include some very brief comments on the guidance and counseling, special education and health services departments system wide.

As I have reported for the last several years the Pupil Personnel Services Department continues to provide a variety of ancillary and supportive services to Millis residents ages three through twenty-one years in a variety of public and non-public settings. Although the vast majority of the students served are within our four schools, several of our students attend private special educational facilities or collaborative classes within Millis or in one of the surrounding towns.

Within the area of Special Education much time and effort was spent preparing documentation for and participating in an evaluation completed by the Massachusetts State Department of Education, Division of Special Education. The Department of Education initially made contact with the school system in July of 1981 and submitted its final written evaluation in the Spring of 1982. This intense evaluation found Millis to be in 100% compliance with both state (Chapter 766) and federal (P.L. 94-142) special education laws and also outlined several exemplary programs within Millis. Although the enrollment is declining across the system, the special education enrollment has increased by 1% over the past year. This is a statistic that must be thoroughly analyzed in the years to come to make certain that special education programs are serving the appropriate students.

Our Guidance and Health Departments continue to work with all students on a myriad of problems related to school. The dropout rate continued to be very low (less than 2%) which tends to be a testimonial to the efforts of many staff members both in regular education and in the supportive services areas. Also, I believe it is important to note that our college placement rate rose to 71% - an increase of 6% over the 1980 figure.

The contributions of specialized programs are being felt throughout the system and have become more and more an integral part of the Millis Public Schools. Acceptance has grown over the years through much hard work and commitment by staff members. I wish to thank the teachers, secretaries, parents and staff for their continued efforts in accommodating and understanding some of our most difficult students.

Lastly, I would like to thank the Superintendent of Schools and the School Principals for their much needed assistance and support and the School Committee for their continued encouragement to provide for all of our children over the last year.

Respectfully submitted,

Richard F. Cass

ELEANOR KENNEY

1947-1982

Eleanor started as a biology teacher in the Millis School system then went on to mathematics. She served as the Mathematics Department Head and Math Coordinator. Mrs. Kenney will be long remembered by the many students who attended her classes.

A happy and healthy retirement is wished for Eleanor from the School Committee, staff and citizens of Millis.

REPORT OF THE HIGH SCHOOL PRINCIPAL

This is my eighth annual report to the Town of Millis.

The enrollment for the current school year as of October 1, 1982 for grades 9 through 12 is 389. This reflects a decrease of 34 students at the high school level from a year ago.

The American Field Service Foreign Exchange Program welcomed its fifth exchange student to Millis this summer. Mr. Stefan Riedel of Goettingen, West Germany arrived in August and is living with his American family, Mrs. Virginia Paur of 373 Exchange Street.

The high school who had begun a year earlier to generate its own scheduling, grade reporting, and attendance has now expanded those services to include the Middle School attendance as well as that of the Memorial and Clyde Brown Schools. Additional equipment has been added this year mainly through the efforts of Mr. Michael Cangi and Mrs. Alice O'Reagan who spent a great deal of time writing a Block Grant and an Occupational Education Grant to obtain the necessary funding. As a result of their efforts, word processing and computer accounting will be added to the curriculum and a level of sophistication in these areas will greatly enhance the curriculum at the high school level.

The Class of 1982 enjoyed tremendous success in achieving college acceptance. Fifty-five percent of the class was accepted at four-year colleges and another sixteen percent was accepted at two-year colleges for a total of seventy-one percent total acceptance.

During the past year, Mr. Laurence Magner has developed a health course which is enjoying relative success as two full year sections are being offered as a result of student interest. The course incorporates the former First Aid and CPR curriculum along with their accompanying certification and includes a host of health topics with emphasis on drug and alcohol use and abuse.

This past year has also seen a re-emphasis on language arts and writing skills across all areas of the curriculum and the apparent results based on the increased scores in the SAT's indicate that positive results are being derived. Hopefully, these results will increase as further efforts continue to be a foremost staff concern.

Despite the loss of additional administrative and extra curricular positions, life goes on fairly smoothly at the high school. Although some activities have been modified or curtailed, the vast majority of programs and activities continue without serious impairment to their effectiveness resulting in a very positive school climate. Without the cooperation of the student body and staff, this would not be possible and I take this opportunity to thank the Millis High School student body and staff for making the first half of the 1982-83 school year an enjoyable experience.

In conclusion, I would like to extend an invitation to the community to involve themselves in the programs and activities of the school and to solicit their moral, and financial support in order that Millis High School may continue to be the kind of school they are proud to have their children attend.

Respectfully yours,
Paul A. Brunelle

REPORT OF THE MIDDLE SCHOOL PRINCIPAL

My seventh annual report to the citizens of Millis will include information reported to me by coordinators, and teachers.

This year we established eight school goals. These goals include: implementing a new system of selecting books for doing book reports; establishing a committee to study and make recommendations on how computers could be used to enhance the instructional program; implementing the new literature program; planning for the new listening skills minimum competency testing program; writing and disseminating a new Middle School Student Handbook; publishing a monthly Newsletter to parents by parents; implementing a computerized attendance procedure; planning a study skills improvement program.

A highlight during 1982 has been the planning of a course for teachers by Miss McKay, Mr. Cangi, and me which will help teachers become more familiar with the operation of micro-computers, find the best software available to fit our students' needs, and determine the best way to implement a computer assisted instruction program.

Our music program continues to be a great source of pride. The sixth grade and seventh and eighth grade bands displayed their talents at a special holiday performance. Traditionally, we will present our annual spring concert and annual middle school play production in the spring. Physical education and art continue to be real favorites with our students. We have continued afterschool intramural programs in basketball, dance, cross country, field hockey, weight training and volleyball. Emphasis in skill development in both competitive and non-competitive activities continues. Our art program guides students towards developing creative ideas and carrying them out through individual projects.

The cultural/enrichment program continues to be a highlight of our students' week. Activities include C.P.R.; toy making; audio visual student aides; newspaper; dance; composition workshop; plumbing; dramatics; and mechanical drawing. All students have choices. Activities are changed on a quarterly basis.

Our special education program continues to improve in identifying and treating the special needs of our students which include learning disabilities, counseling, and speech therapy. Special needs teachers work closely with classroom teachers as a result of our team teaching structure. Special needs students are scheduled in a streamlined fashion so that student's needs are being met by fewer specialists who know the individual child better. Our Chapter I math remedial specialist continues to provide excellent individual and small group instruction to those students who need that extra attention.

In closing, I wish to express my gratitude to the School Committee, Superintendent, all personnel, and to the parents, students, and community members for their cooperation, commitment and support.

Respectfully submitted,
Laurence W. Aronstein, Ed.D.
Principal, Middle School

RAYMOND FONTAINE

1976-1982

Ray served on the custodial staff at the high school. His cooperation and dedication to his position are appreciated. Best wishes are extended from the School Committee and staff.

REPORT OF MEMORIAL SCHOOL

I am pleased to submit my third report as principal of the Memorial School. We are fortunate to have an excellent teaching and support staff, as well as concerned and involved parents.

The results of the achievement tests indicate that our students are doing well in all academic areas. The day-to-day classroom instruction, activities and projects support this. We have targeted four curricular areas on which we will be placing study and revision this year. The first curricular area is student writing.

A federal grant was awarded the Memorial School under Title IVc. A program entitled Individualized Language Arts is being implemented with those funds for the purpose of improving student writing. Each teacher involved in the program goes through a two day workshop and then receives follow-up visits from the program consultants to help make sure the program is in place. The response has been enthusiastic and this program will provide a catalyst for our teaching staff as well as for our pupils.

This is our third year with the state mandated testing and reporting program on the basic skills. Currently tests are administered to all third and fifth grade pupils in reading, mathematics, writing and listening. The process of providing more assistance to youngsters is an on-going one; we believe the basic skills program enables us to look more carefully at individual student achievement and need as well as providing a vehicle for general curriculum study.

A third area of academic concentration is that of the social studies. Presently four pilot programs, one at grade three, two at grade four and one at grade five, are in process. Materials from major publishers will be reviewed and an adoption for a social studies program or revision for grades K-8 will be recommended.

A final curriculum area being studied this year is the K-5 reading program. Teachers representing each of the grades will be studying and evaluating many different reading systems in order to determine which one best suits our needs.

The Memorial School Parent Advisory Council continues to be an active and supportive group. The P.A.C. conducts an annual Book Fair which, in addition to putting good literature into the hands of children, has raised money for cultural programs, playground equipment and currently toward the purchase of a computer for the school. It is our belief that computer education is both desirable and necessary for our students. Many staff members are participating in the school department's course for computer education.

The P.A.C. coordinated a fund raising activity designed to supplement our field trips. Students purchased sweatshirts with a Memorial School logo designed by a student. The pupil who designed the winning logo won a shirt. This activity did as much for school spirit as it did to raise money for the educational field trips.

The Memorial School library continues to be staffed by volunteers and this area is working well. The volunteers not only check books in and out, but also assist children with research projects, keep inventory and recommend the purchase of periodicals and new books.

Our enrichment courses taught by parent volunteers have included Poetry and Creative Writing, Newspaper Writing, Public Speaking, Babysitting, Cartooning, Sign Language, Math Enrichment, and Morse Code. The courses met for forty minutes once a week for eight weeks and provide another dimension to our children's education.

The school Project Fair is a popular event. The students, on a voluntary basis, make a project falling into four categories; science, social studies, art or a hobby. These are displayed in the gymnasium for other students, teachers and parents to see. For his or her efforts each youngster receives a Certificate of Participation and has the satisfaction that others can admire something in which he or she has taken pride and is willing to share.

In closing I want to acknowledge and thank Mr. Vellante, Superintendent of Schools, members of the School Committee, and the parents of the Memorial School youngsters for their continued support and encouragement.

Respectfully submitted,

Thomas Deffley, Principal
Memorial School

REPORT OF CLYDE F. BROWN SCHOOL

In order to provide its pupils with a substantive and distinctive education, a school must at reasonable intervals review, revise or rewrite the curricula to meet the needs of each child. The Clyde F. Brown teachers have embarked through several committees to work during in-service days to rewrite the social studies outline to delineate each grade level's responsibility and to look at new hard cover texts. The reading committee has begun to systematically review the sample series sent to us by the leading publishers of basic readers. The math committee has begun to add to its new curriculum. The committee on testing began a review of several major popular achievement tests as well as a newer edition of the current test in use in Millis.

Parents continued to play a very important supportive role in the life of the school. They served in the library for the fifth year on several days each week so that first and second graders were able to borrow school library books each week. More than sixty parents volunteered to place a "Helping Hands" symbol in their windows at home to denote the availability of a house that can be counted on to provide help in an emergency.

The Parent Advisory Committee again sponsored a "Get Acquainted Tea" that was very well attended by staff and parents. This committee was also involved in the yearly Book Fair and the Spring sale of CFB Mini-Mohawk T-shirts. The purpose of these fund raisers was to provide more field trips and assembly programs for the students.

Parents visited the school during the year to attend the CFB Family Picnic and view an art display during the month of May, which has been designated as Family Month. Nearly 800 lunches were served to families and students. Other functions included Open House during American Education Week and Conference days at the end of the first marking term. All of these events were well attended by at least one member of each student's family.

Another area that is vital to the future needs of our pupils and bears serious concern is in the field of computer technology. Many school systems have added microcomputers to their resources and have incorporated these into the present day learning environment. Ten members of the CFB staff have taken an introductory course in the use of microcomputers for elementary classroom use and others are following in their footsteps. Therefore, it is inevitable that this area will receive a high priority in our system.

Safety remains high on the list of programs at the Clyde F. Brown School. Free films were obtained during the year on the prevention of fires and safety procedures in an emergency. The school safety officer, Al Baima, made periodic visits to discuss and show filmstrips relative to bus, winter, Halloween and summer safety. First grades visited the Millis Fire Station and used our CFB School Safety Coloring Book as a supportive resource in their classrooms.

Other varied educational and informational programs included field trips (fewer this year), which provided new experiences, and broadened their

knowledge of the local as well as surrounding area.

Assembly programs for and with the entire student body were performed during the year. Memorial Day, Spring, Thanksgiving, United Nations, Columbus Day and Christmas were celebrated with Sing-Alongs, skits and solo performances.

School photographs were again taken this year. There were three categories of pictures with many varied selections and prices in each group. Considering the number of requests for pictures there was a very small percentage of dissatisfaction, therefore, there were few retakes.

Another school feature that has developed as part of the nutritional and science curriculum which is educational as well as motivational and of high interest to the students is the making and preparing of certain edible foods. Doughnuts, popcorn, bread, Pilgrim's Stew, apple and cranberry sauce are some of the favorites. Several of these are made in conjunction with the study of our American Heritage.

This report should include the results of our standardized achievement testing program. The results speak for themselves. At the first grade level the pupils scored at least one grade level above their grade in the total reading and math areas. The second grade results were nearly as gratifying in that they scored one year above their grade level in reading and nearly a year above in the math area.

In conclusion, I wish to thank the members of the school committee, Mr. Vellante, a very hard working staff, and the many parent volunteers who aided in making the school year so enriching and successful for our students.

Respectfully submitted,

Raymond T. Lanthier
Principal

EMIL LENZ
1961 - 1982

Emil served as a bus driver for twenty-one years. The School Committee and staff wish him good health and a happy retirement.

TRI-COUNTY REGIONAL VOCATIONAL TECHNICAL SCHOOL COMMITTEE

The Tri-County Regional School District Committee reorganized in July and Melvin Long (Norfolk) was elected Chairman. Others elected to office were Al Chouinard (Medfield), Vice-Chairman, and Robert McDonough (Millis), Secretary. At that time the Committee lost two members who had served since the early planning of the district: Frank DeLucia, Franklin, and John Kraskouskas, North Attelboro. Appointed to fill those seats were Carole Russell and Robert Riccio. Additionally, Lenore Auslander, representing the Town of Sherborn, completed a three-year term and chose not to seek reappointment. More recently, Mr. Tim Greene was appointed to serve as Sherborn's representative.

The administrative structure has also been reorganized during the past year. John Lane, Assistant Superintendent-Director, retired in September and Jack Jones, former academic coordinator, was appointed to the position of Principal. The task of academic coordination was divided among three others. Our Business Manager accepted a position in the Town of Sandwich and elected to fill that position was Arthur Miller. George Picard, who held the position of Supervisor of Maintenance & Security, resigned in July and the Plant Engineer, Richard McDermott, has assumed those supervisory duties. The vacancy was filled in October with the employment of Robert Thayer, Medway, as Building Electrician.

The ability to adjust to changing conditions has long been held as a valuable educational concept, and we trust that this report will give evidence that a favorable adjustment has been made.

Budget 1982-83

Although our budget for the current year is up slightly from the one previous, a higher than expected school aid figure allowed us to considerably reduce assessments to all towns with the exception of Norfolk. The assessment to the Town of Millis is set at \$99,949.45, a decrease of \$10,404.43 from the previous year. Further enhancing our financial fortunes was our ability to distribute surplus funds in excess of \$200,000.00 to member communities. Millis's share of that distribution, made by direct payment, was \$10,921.16.

Since early November, we have been immersed in budget deliberations for 1983-84. It seems evident that we will not enjoy the good fortune that we did the year past. Our best indications are that State Aid will be down approximately \$150,000.00. Further straining our resources is the fact that we are at a point in time when we must consider the repair or replacement of several major pieces of shop equipment. Obviously the challenge to present an acceptable budget is serious and we assure all concerned that when finalized the budget will be an accountable one.

Audit

During the summer the firm of Peat, Marwick, Mitchell & Co. was retained for the purpose of examining the financial statements of the School District

for the year ended June 1982. The concluding report, made in November, indicated that the examination did not identify any condition that could be construed to be a material weakness in internal accounting control.

Energy Conservation

For the second consecutive year, we have been successful in reducing the amount of kilowatt hours used on a month-to-month basis. Plant Engineer Richard McDermott has made this effort a top priority; consequently, although the cost of energy has increased, we have been able to level fund our appropriation for that purpose.

Through a cooperative effort on the part of teachers and students, we have installed an anemometer on the roof as the start of a feasibility study for utilization of wind as an energy source. If after having recorded wind speed for one full year we find that our location is well suited for the installation of a wind generator, the savings reflected in future operational budgets should be significant.

Vocational and Technical Programs

Wherever possible the vocational and technical programs have made every effort to simulate real work experiences by providing service to district town agencies, civic organizations, and residents. The Auto Repair and Auto Body departments are fully scheduled for customer work at all times. Similarly all other departments in the machine and construction trades do accept work from district residents if such work coincides with the instructional curriculum.

Consistently gaining in popularity are the customer services offered by the Cosmetology and Culinary departments and the day care service of the Child Care Department is fully subscribed to at all times.

We are particularly proud of the colonial style street lights that were designed, fabricated, and installed at the Franklin Common. Six different trade areas participated in the project and all teachers and students who were involved take a great deal of pride in their achievement. We wish to thank the Franklin Rotary Club for initiating and financing the project and the Franklin Town Council for the confidence they displayed by allowing our students to demonstrate their skills.

A new roof for the Sherborn Fire Department, housepainting for the Seekonk Housing Authority, construction of a sound projection booth at Millis High School are other recent projects undertaken by Tri-County students. We are pleased that such activities help to lessen the burden on our member towns in these times of financial constraint.

Academic Programs

Tri-County's Academic Programs continue to serve the needs of both the work bound and college bound students. Once again, Tri-County sent sixteen percent of its graduates on to two and four year post-secondary educations.

In our continuing effort to meet the contemporary needs of our students Tri-County is initiating a new program in our Business/Distributive Education

departments entitled "Automated Office Technology". This program will provide training to students in the expanding field of electronic office equipment, specifically in the area of word processing. In addition, the Science department has expanded its program to include a comprehensive energy curriculum encompassing such topics as home energy audits and energy alternatives.

Tri-County's proud history of providing a quality academic program in a vocational setting is supported by standardized test scores. When compared to students nationally, Tri-County students demonstrate equal and in many instances superior rates of growth. We at Tri-County will continue to strive for excellence in our academic programs as we meet the contemporary and future needs of our students.

Special Needs Program

The resource rooms at Tri-County expanded their methods of instruction through the addition of five radio shack TRS-80 microcomputers. These allow for the maximum in individualized instruction through truly interactive programming. Pupils readily take to the machines and as our library of programs expands, find that instruction can be enhanced in almost any subject matter area. Their specific use in the resource room is twofold: to supplement instruction in regular classes and to assist in remediation of specific academic skills. Teachers are hopeful that some side benefits will accrue: computer literacy or the student's familiarity with computers is expected to occur, as well as improved student motivation to succeed.

Tri-County Awarded Grants

In April 1982, Tri-County was awarded the sum of \$14,700 in the form of a Competency Based Vocational Education Curriculum Grant. The purpose of the grant was to identify and validate employment sheets necessary to secure an entry level position in the culinary field and to prepare a teaching curriculum that will serve as a model for state and national dissemination.

The project is being developed jointly with Greater Lowell Regional Vocational Technical School and will be published in Spanish as well as in English.

Instructors in the Food Trades Department are responsible for the implementation of the skills program, progress of which is being monitored by the Massachusetts Department of Occupational Education.

A ten-week Geriatric/Home Health Aide Program for displaced homemakers was initiated by Tri-County in April 1982. The project was federally funded and designed to provide women with those skills needed to secure positions in long-term care facilities as well as health care providers in the home.

Twelve students, ranging in age from 22 to 60, participated in the program and received certificates attesting to their skills. The course of studies included seven weeks of lectures, demonstrations and testing, following by three weeks of clinical experience at the Franklin House Health Care and the Walpole Visiting Nurse Association.

Japanese Intern At Tri-County

Tri-County was privileged to host a visitor from Japan during the Spring semester. Reiko Esaki, an instructor in the Tokyo School District, proved to be an eloquent spokesperson for the history, culture and customs of her country.

The Japanese school internship program was developed to promote good will and understanding between Japan and the United States. Mrs. Esaki fulfilled the objectives of the program through her active participation in Tri-County's social studies and shop classes as well as visits to elementary and high schools in the district.

Easter Seal Trophy

The Massachusetts Easter Seal Society awarded Tri-County a trophy for raising the most money in the Southeastern Massachusetts region. The Boston Celtics - Massachusetts Easter Seal Basketball Shoot-Out was sponsored by the Zayre Department Stores.

More than \$3,200 was raised by 134 students in an effort to support the programs and services for children and adults with disabilities.

Marion MacAleese, a Tri-County sophomore, raised \$800, the top individual in the entire State. Marion and her family, along with Tri-County's basketball coach, were guest at a Boston Celtics game at the Boston Garden.

In addition to the trophy, Tri-County received a gift certificate for \$150 for its athletic department and students who raised \$30 or more received T-shirts. It was a rewarding experience for all of the participants.

V.I.C.A.

V.I.C.A. stands for Vocational Industrial Clubs of America. V.I.C.A. serves the trade, industrial, and technical students of America through development of their citizenship and leadership qualities. One hundred and five students participated in local, district, and state competitions. Fifty-seven students made it to the state level, which was held in April. One student, Steve Morgan from the Town of Walpole, won top honors in Commercial Art competition and was invited to participate in the national competition conducted in Louisville, Kentucky. Steve, a senior co-op student at Bird Machine Company in Walpole, won the gold medal in Louisville providing him with a \$10,000 scholarship award. In the three years that Tri-County has competed, the students gathered an impressive record - 1 national champ, 3 state champs, ten runners-up in state and local competition. We at Tri-County feel that the students have benefited from V.I.C.A. by means of an incentive to study and work harder to develop better employability skills.

DECA Club

Tri-County DECA Club student members attended several state-wide conferences in 1982 and one student represented the school on a national level. Thirty students participated in the DECA District II Career Conference in February. The meeting was held in Sturbridge and enabled Tri-County club members to exchange ideas with over three hundred other students representing eleven schools.

In March, ten Tri-County students jointed a six-hundred student delegation at DECA's State Career Leadership Conference in Hyannis. Attendees were tested in ten major distributive education occupational areas. Tri-County students Bob Mezzadri (Service Station Retailing) and Cheryl Morris (General Merchandising) were first place finishers in their respective categories. In addition, Mezzadri was elected State DECA President.

Ken Dow, distributive education instructor, and student member Bob Mezzadri attended the National DECA Career Development Conference in Chicago during the period June 26 to July 1. Five thousand students representing each of the fifty states as well as Canada, Puerto Rico, Guam, and the Virgin Islands participated in the six day conference which included workshops in marketing, management and career development. Nationally known business and government leaders served as speakers, consultants and judges during the course of the meeting.

DECA activities included one additional meeting, the DECA Fall Leadership Conference held in Dedham in October. Students attended workshops in leadership and personal development, officer training, chapter group project, and related subject matter designed to promote future DECA projects.

Tri-County Athletics

The year 1982 witnessed a major change in the athletic program at Tri-County. The Cougars officially became members of the Mayflower Athletic League during the Spring Sports Season. With this change in leagues, Tri-County enters a more competitive and well organized league which should provide the athletes of Tri-County an opportunity to improve their athletic abilities.

During the past year a number of our athletes excelled in their various athletic areas. Many were chosen to league all-star teams and surrounding media All-Star teams.

The Cougar Cross Country Team captured its third straight League Title and four members of the team were re-elected to the Colonial League All-Star Team.

The Spring Track Team had several members score highly in the South Shore Principals Meet held at Canton High School. In the Vocational School Invitational, Tri-County finished in the top five for the second time in two years.

Thr Tri-County Football Team posted its best win-loss record and had several team members selected to the Woonsocket Call and Middlesex news All-Star Teams.

All the athletic teams were very competitive and displayed a willingness to work hard and improve athletically.

In conclusion, we wish to express our gratitude and appreciation to all residents of Millis for the support of vocational technical education. We wish, also, to express to you our continued commitment to offer quality education to students in the most cost effective manner available.

Respectfully submitted,

Melvin C. Long, Chairman
Robert W. McDonough, Millis

ADMINISTRATION

Expended	\$ 1,500.00	
Available	1,500.00	\$ 3,000.00

Respectfully submitted,

Philip J. Gavin, Jr.
Veterans Agent

REPORT OF THE 128 WEST RESOURCE RECOVERY COUNCIL

Millis continues as an active member of the 128 West Resource Recovery Council, a voluntary association of communities in the central section of eastern Massachusetts whose objective is to establish a cooperative solid waste disposal and resource recovery system.

Wheelabrator-Frye has continued negotiations throughout the year with the utility companies on the still unsettled issue of the sale of electricity generated by the resource recovery plant.

Respectfully submitted,

Russell Chamberlain
Member
